Sunday Jan. 11th

I rode out from Hot Springs this morning with Melvin A. Moore. We started in the cave at 5:50 P.M and

Monday Jan 12th

returned at 12:15 A.M. We explored on the Sompson's Palace Route to the left of Moss Palace. The principal room we found was Mound Builders ~~Route~~ Rest. We explored about a half mile in three different chambers. The general formation is crystalization and geodes

Tuesday January 13th

Melvin A, Moore and I took a trip in the cave at 15.40 A.M. and returned at 2:00 P.M. We went to the old front chambers on the cataract route. (yesterday)

Elmer and I worked on the camel Rock today but we have not broken it yet I discovered a quartz crystal (native) this morning that has very much the appearance of a calsite pyrimid crystal. I today have come to the conclusion that the Camel's Rock is made of quartzite

Wednesday Jan 14th

I started to Hot Springs about 10:30 A.M.
