Closure Order # 21-001

March 26, 2021

Closures, restrictions and public use limits:

Closure Order – Portion of a Park Area: Under the authority provided to the Superintendent in 36 CFR 1.5, the follow park areas and facilities are closed, effective immediately, until further notice:

- Certain Santa Barbara Island trails (see map) are closed to all public entry.
 - Arch Point trail from junction above the landing cove to just past Sin Nombre Canyon.
 - Main trail through the east side of the island where it passes above Graveyard Canyon

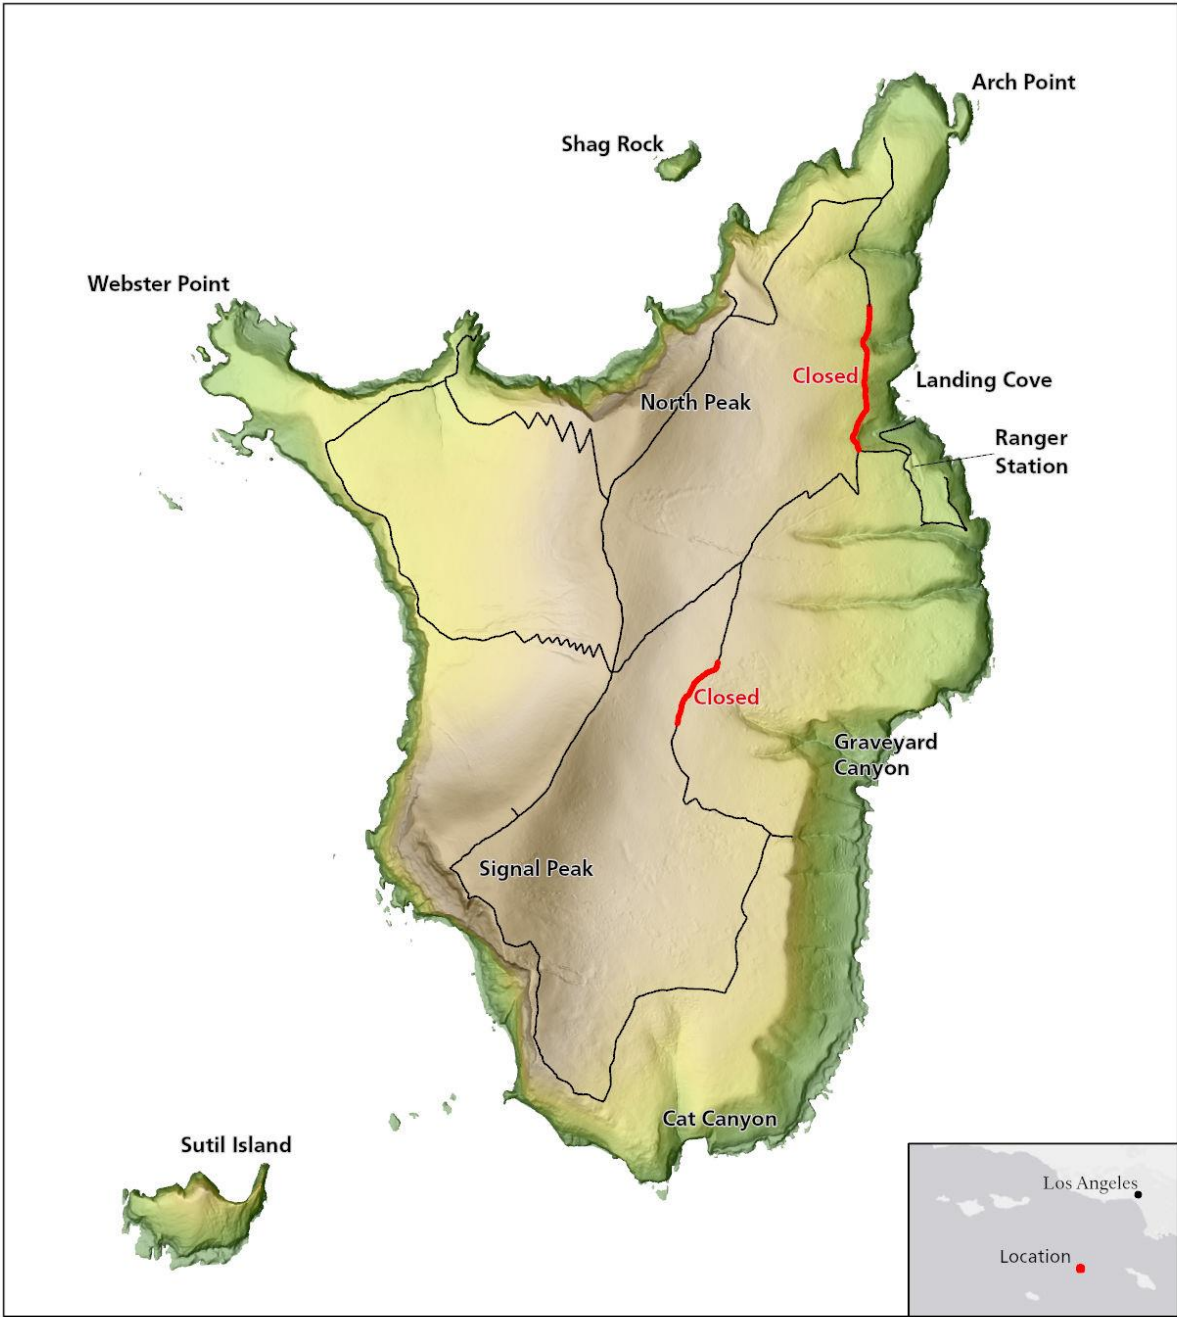

Authority: 36 CFR 1.5(a)(1)

Notice: This administrative order applies to all individuals subject to the regulatory authority of the National Park Service (NPS) within the boundaries of Channel Islands National Park including park employees, visitors, concession employees, and stakeholders, except as follows: mission essential or mission critical work as authorized by the Superintendent.

Finding: The NPS issues this administrative order for the purposes of protecting a breeding population of California Brown Pelicans under the Migratory Bird Treaty Act. Less restrictive access would have the potential for adverse effects on the breeding population of California Brown Pelicans that have nested in the vicinity of those trails.

This order is effective immediately and will remain in effect until further notice. The effectiveness of this order will be assessed on an ongoing basis and will be modified or removed when conditions warrant.

Approval: _____

Santa Barbara Island
