

Availability of Services

Thank you for supporting local Oregon businesses.

Mercantiles in area towns carry essential items and basic dry goods. Supermarkets are available in John Day and Prineville. WiFi may be available at some local businesses for customers. Cell service is carrier dependent. Do not expect coverage between towns due to the mountainous terrain.

The services shown on the map are open during the summer season, but some may be closed 1-2 days per week. Some services are not available during the winter.

Although it is legal to pump your own fuel in much of Eastern Oregon, many local stations do not have self-pay pumps. Gas stations close between 5pm and 8pm, and often earlier on Sundays. Towns labeled with the gas station icon *should* have fuel available seven days per week in the summer.

Can I camp in John Day Fossil Beds National Monument?

No camping is allowed inside the three units of the monument but plenty of commercial and public options are available nearby. For dispersed camping on public lands, inquire with the Bureau of Land Management or the Forest Service.
