PERMIT #21-0278 (AMENDED)

PERMITTEE: WOMEN FOR AMERICA FIRST

LOCATION: ELLIPSE, SOUTHWEST QUADRANT, AND SOUTHEAST QUADRANT; SOUTH OF TREE LIGHTING SITE

DATE: JANUARY 2-8, 2021 (06:30 AM – 7:30 PM)

Additional Conditions

- A. This permit authorizes the use of the Ellipse southwest quadrant, west of the vista site line and south of the tree lighting site starting on Saturday, January 2 at 6:30 am until Wednesday, January 8, 2021 at 7:30 pm. This permit does not authorize a march from the Ellipse.
- B. The permittee is responsible for adhering to NCA Fire and Life Safety Temporary Event Policy and ensuring that all generators, tents, portable heaters and other applicable equipment adhere to requirements outlined with the document and this permit. The permittee assumes full responsibility for event elements safety and must ensure their contractors fully understand requirements outlined in the permit. In addition, the site must be ready for inspection by AHJ and/or designated representative by 12:00 pm on January 5, 2021.**
- C. This permit authorizes the use of the Ellipse, Southwest Quadrant, west of the vista site line, south of Tree Lighting Site. *NOTE: This permit does not authorize the assembly on the E Street sidewalk near the zero mile-marker. Portions of the Ellipse are closed for turf restoration. See attached map for permit location.
- D. *NOTE: Due to the possibility of Presidential movements, and Head of State visits, permitted activity may be temporarily moved and/or suspended.**
- E. Prior to beginning construction or placement of all facilities, will contact Amy Dailey, 202-208-1631 and/or U.S. Park Police personnel to coordinate specific logistical requirements. Permittee and its representatives will follow instructions provided by these individuals about accessing park property and will take all precautions to protect park resources.
- F. Additional Permits: The Permittee is responsible for obtaining the necessary permissions and/or additional permits from the Metropolitan Police Department (202) 671-6522, or from other federal, state or local agencies or departments for the use of public lands other than those under the jurisdiction of the National Park Service.**
- G. All request, correspondence and meetings with the National Park Service pertaining to this permit shall be scheduled by the permittee in writing only. All contractors, subcontractors or consultants must channel their request through the recognized representatives of the permittee who in turn will contact the National Park Service representative. Onsite contact Justine Caporale (b) (6) [REDACTED]; Kylie Kremer (b) (6) [REDACTED].
- H. Due to the exceptional time constraints associated with this permit and the complexity of multiple vendors bringing materials and equipment to park land, special attention is assigned to the requirement that the permittee will at all times provide an on-site coordinator to be accessible to National Park Service and United States Park Police personnel during the setup activities and during the load in/out of the event.

PERMIT #21-0278 (AMENDED)

PERMITTEE: WOMEN FOR AMERICA FIRST

LOCATION: ELLIPSE, SOUTHWEST QUADRANT, AND SOUTHEAST QUADRANT; SOUTH OF TREE LIGHTING SITE

DATE: JANUARY 2-8, 2021 (06:30 AM – 7:30 PM)

- I. All proposed amendments or additions to this permit and all proposed locations of vehicles, equipment, storage, installations of any kind, areas of activity, work and power plans shall be submitted to the NPS for prior written approval prior to the installation of facilities. These proposals shall be in map or diagram form suitable for on the ground inspection.
- J. The permittee shall require all employees and/or contractors to exercise all normal and reasonable safety precautions and to protect park visitors and property. Suitable devices such as barricades, fences, lanterns, etc. necessary for employee and public safety, shall be provided and adequately maintained. Such devices require the concurrence of the permit specialist or designated representative.
- K. The Permittee is responsible for providing all necessary equipment/objects to conduct this activity. All equipment must be removed from the park immediately following the conclusion of the event on January 8 at 7:30 pm. Items left in the park will be considered abandoned property and will not be the responsibility of the National Park Service.
- L. The permittee shall insure that all facilities and structures placed on park property adhere to all applicable codes, standard, and regulations including but not limited to BOCA, OSHA, USPHS and ADA, covering requirements including but not limited to safe handling of all chemicals, proper disposal techniques and grounding of generators. Permittee will submit to the NPS structural evaluation and design specification for all structures, e.g. arks, tents, stages, cable trusses, audio and video towers, etc. for NPS review and approval.
- M. All activities pursuant to this permit shall be in compliance with the requirements of Title VI of the Civil Rights Act of 1964 (78 Stat. 252; 42 U.S.C. 200d ed seg.); Title V, Section 504 of the Rehabilitation Act of 1973 (87 Stat. 394; 29 U.S.C 794); the Age Discrimination Act of 1975 (89 Stat. 728; 42 U.S.C. 6101 et seg.); and with all other Federal laws and regulations prohibiting discrimination of grounds of race, color, national origin, handicap, religion, or sex in employment and in providing facilities and services to the public. Nothing advertising for employees shall be done which will prevent those covered by these laws from qualifying for employment.
- N. Indemnify save and hold harmless and defend the United States against all fines , claims, damages, losses, judgments and expenses arising out of, or from any omission or activity in connection with is permit.
- O. The permittee shall be responsible for any injuries and/or damages to government property occurring as a result of this permitted activity, including but not limited to stains, turf ruts, burned turf, damaged post and chain created by installing above facilities. If and only if the conditions outlined within the permit are not followed. To avoid or minimize any potential damage, it is recommended if the permittee needs to deviate from agreed upon conditions the permittee should contact the NPS Representative.**

PERMIT #21-0278 (AMENDED)

PERMITTEE: WOMEN FOR AMERICA FIRST

DATE: JANUARY 2-8, 2021 (06:30 AM – 7:30 PM)

- P. Permittee will be responsible for reimbursing the park for the cost of any damage to NPS property—whether natural or man-made—resulting from Permittee’s activities under this permit.**
- Q. If Permittee or its agents/representatives/contractors/subcontractors cause any injury or damage to park system resources, they may be liable for costs and damages in accordance with the System Unit Resource Protection Act, 54 USC §§ 100721-100725.**
- R. Permittee will be responsible for any injury to, loss of, or damage to federally owned or controlled lands, waters, or resources (natural or cultural resources or facilities) resulting from Permittee’s activities under this permit.**

General Permit Conditions

- S. No interference with the pedestrian traffic and no blocking of entrances, sidewalks, or driveways is allowed. No impediment to or disruption of vehicular traffic is permitted. All areas are always to remain open to the general public.
- T. Throughout the course of the permit, the Permittee will require employees/volunteers, and contractors, to exercise special care and attention to protect the resources of the Ellipse and its environs. In addition, the Permittee must supervise their contractors, volunteers, and employees during setup and teardown to assure that there is no damage to park resources.
- U. Setup of any type equipment including but not limited to, staging, tents, chairs, bicycle rack, cardboard recycling or trash containers, exhibits, displays etc. is not permitted on the Ellipse without the approved turf protection flooring.
- V. The collection of entry/registration fee is prohibited on parkland.
- W. Balloons of any kind, glass containers and alcoholic beverages are not permitted.
- X. **Accessibility:** The Americans with Disabilities Act (ADA) states that people with disabilities must be able to obtain or enjoy “the same goods, services, facilities, privileges, advantages, or accommodations” that are provided to other members of the public. The ADA applies to temporary facilities, structures, services, programs, and activities associated with this permitted event. Permittee is responsible for providing the following:
 - a. Permittee’s policies and operations for the event must meet the nondiscrimination requirements of the ADA, including, but not limited to provision of accessible parking, routes through site, food service, toilet, facilities, and assembly seating.
 - b. Permittee is responsible for providing auxiliary aids and services as requested. Permittee is responsible for providing promotional material explaining how the public can request a particular auxiliary aid or service and be informed of when specific auxiliary aids and services may be available for all Welcome Celebration activities held on parkland.

PERMIT #21-0278 (AMENDED)

PERMITTEE: WOMEN FOR AMERICA FIRST

LOCATION: ELLIPSE, SOUTHWEST QUADRANT, AND SOUTHEAST QUADRANT; SOUTH OF TREE LIGHTING SITE

DATE: JANUARY 2-8, 2021 (06:30 AM – 7:30 PM)

- c. Service animals, as defined by the Americans with Disabilities Act (ADA), are permitted under proper supervision. The ADA defines a service animal as any guide dog, signal dog, or other animal individually trained to provide assistance to an individual with a disability. If they meet this definition, animals are considered service animals under the ADA regardless of whether they have been licensed or certified by a state or local government.
 - d. The Permittee must consider elements of accessibility when designing the layout of the event. Potential items for inclusion are:
 1. Addition of temporary curb ramps where needed to provide an accessible route
 2. Location of structures and tents along an accessible route
 3. Provision of auxiliary aids and services
 4. Provision of and an accessible route from transit stops to the event location
 5. Provision of tactile braille signage
 6. Provision of portable wheelchair lifts to access stages or other elevated areas.
- Y. **Accessible Route:** Permittee is responsible for providing individuals who use wheelchairs or walking aids or who walk with difficulty, an accessible route of travel throughout the event site. A successful accessible route connects site arrival points and parking with all exterior and interior event exhibits and activities, including public amenities, such as toilet rooms, water coolers, and concessions. This single continuous path should:
1. Be smooth, but not slippery.
 2. Be as level and as wide as possible without low or overhanging hazards or obstructions.
 3. Not require the use of stairs.
- b. **Space Requirements for Wheelchairs:** Permittee is responsible for establishing accessible routes to ensure that people who use mobility aids can successfully navigate through the environment/event site. A space that is a minimum of 30 inches wide by 48 inches long is necessary to park a wheelchair in a stationary position. The space necessary for people using wheelchairs to make a 180-degree turn is a circle with a diameter of 60 inches.
- c. All ADA areas should be clearly marked.
- Z. **Camping:** The use of temporary structures for camping is prohibited. 36 CFR 7.96(5)(iv) allows temporary structures as part of a permitted demonstration “for the purpose of symbolizing a message or meeting logistical needs such as first aid facilities, lost children areas or the provision of shelter for electrical and other sensitive equipment or displays.” However, [t]emporary structures may not be used outside designated camping areas for living accommodation activities such as sleeping, or making preparation to sleep (including the laying down of bedding for the purpose of sleeping), storing personal belongings, or making fire, or doing any digging or earth breaking or carrying on cooking activities. The above-listed activities constitute camping when it reasonably appears, in light of all the circumstances, that the participants, in conducting these activities, are in fact using the area as a living accommodation regardless of the intent of the participants or the nature of any other activities in which they may also be engaging...” In addition, to allow for visual inspection and monitoring, all temporary structures must continue to have at least one open side.

PERMIT #21-0278 (AMENDED)

PERMITTEE: WOMEN FOR AMERICA FIRST

LOCATION: ELLIPSE, SOUTHWEST QUADRANT, AND SOUTHEAST QUADRANT; SOUTH OF TREE LIGHTING SITE

DATE: JANUARY 2-8, 2021 (06:30 AM – 7:30 PM)

- AA. **NOTE: CAMPING IS PROHIBITED.** Camping is defined as the use of the park land for living accommodation purposes such as sleeping activities, or making preparations to sleep {including the laying down or bedding for the purpose of sleeping), or storing personal belongings, or making any fire, or using any tents or shelter or other structure or vehicle for sleeping or doing any digging or earth breaking or carrying on cooking activities. The above-listed activities constitute camping when it reasonably appears, in light of all the circumstances that the participants, in conducting these activities, are in fact using the area as a living accommodation regardless of the intent of the participants or the nature of any other activities in which they may also be engaging.
- BB. Caterer serving food must contact Public Health Specialist, 202-513-7056 to discuss health and safety issues. Refer to the "National Capital Region, National Park Service, Requirements for Special Events Held on Parkland" for guidelines and applications for food service. AJI food service regulations and policies must be upheld at all times. Caterer must be approved by Public Health Specialist and prior to any food service. In addition, any potable water brought on site must be sealed, commercially purchased water containers. Bringing water on site from vendor facility for drinking water purposes or as an ingredient is not approved. Food, including fruits and vegetables, must be served by servers and not placed out for visitor self-servers.
- CC. **Commercial Advertising Signage:** Consistent with long-standing NPS regulations and policy, and Public Law 108-108, Title I, §145, the erection, placement, or use of structures and signs bearing commercial advertising is prohibited for any special event. The recognition of special events sponsors, however, may be allowed if it has been specifically authorized by this permit.

A permit may be issued that authorizes the recognition of sponsors of special events, if the NPS determines that the size and form of the recognition is consistent with the special nature and sanctity of the National Mall or any other requested park area, and if the lettering or design identifying the sponsor is no larger than one- third the size of the lettering or design identifying the special event.

Further, to the maximum extent practicable for such special events, public use of and, access to the National Mall and other parkland is not to be restricted.

The Permittee shall submit a sign plan for NPS review and approval. Any request seeking NPS approval for sponsor recognition must be submitted to the NPS at least 14 days prior to the proposed event, and if approved by the NPS, will be authorized within the terms of the special event permit. Authorized sponsor recognition must be in keeping with NPS policy, regulations, and laws and be appropriate to the scale and theme of the special event. Further, the overall size, number, and design of any signs or banners shall be appropriate to the park setting and lettering or design identifying the special event. Signs and banners may not be affixed to existing trees or other NPS facilities or structures.

Only signs and/or banners specifically identifying and/or announcing the event or portion of the event are permitted. Commercial sponsors may be recognized on these same banners by letters and/or logos not to exceed one-third the height and width of the primary lettering identifying the event.

DD. **Distribution and Giveaways:** Distribution or give-away of any commercial product is limited to only those that may be consumed on the event site such as juices or popcorn. Soliciting personal information such as names, addresses, telephone numbers, zip codes, etc., or any other information which may be used for future solicitation, or marketing purposes is strictly prohibited. A list of all giveaway items will be provided to the National Park Service for approval. Permittee will distribute free bottles of water.

EE. **Fire Hazards:** To prevent potential fire hazards permittee must adhere to the following:

- a. **Flammable and Combustible Clearance:** A minimum of 10 ft. clearance of all flammable or combustible materials or tall vegetation and trees.
- b. **Source of Ignition:** Sources of ignition, including matches and lighters, shall not be used within 20 ft. (6m) of areas used for fueling, servicing fuel systems of internal combustion engines, or receiving or dispensing of Class I and Class II liquids –examples include gasoline, diesel fuel, lacquers paint thinner
- c. **No Smoking:** Smoking shall not be permitted especially in areas were combustible materials are located. Plainly visible “ No Smoking” must be visible.

FF. **Fire Hydrants:** A minimum 36 in. of clear space shall be maintained to permit access to and operation of fire protection equipment, fire department inlet connections, or fire protection system control valves. Vehicles must maintain a 15 ft. clearance of all fire hydrants.

GG. **Generators:** The Permittee may provide a generator for electrical power. Refueling of diesel/gasoline powered generators on parkland is permitted pursuant to the following conditions. No storage of fuels is allowed on National Park service property, unless NPS approves. At a minimum the following materials must be placed underneath the generator to protect the underlying surface from potential weight and vibration damage and fluid leakage:

- ¾” plywood, or other material (with approval of NPS)
- Plastic fuel impermeable tarp on the properly rated flooring
- Absorbent material on top of tarp
- Drip pan under fueling nozzle
- **Refueling of generator(s) is only permitted between the 5:00 am – 8:00 am and 10:00 pm – 12:00 am daily. Absolutely no refueling during peak visitation hours and event hours.**
- Separation from tents: Generators and other internal combustion power sources shall be separated from temporary membrane structures and tents by a minimum of 10ft. and shall be protected from contact by fencing, enclosure, bike rack or other approved means. Barriers must be at least 3ft high.
- Exhaust should be directed at least 5ft. in any direction away from any openings or air intakes and away from buildings.
- Fire extinguisher for Class B Hazards such as portable generators must meet the following UL rating requirements based on the maximum fuel capacity of the class B hazard:

The spillage of deleterious substances such as engine oil, gasoline, etc. is prohibited. In the event of such an occurrence, the District of Columbia Fire Department must be called immediately, by dialing 911 emergency numbers, followed by a call to the National

Park Duty Officer, 202-528-9610. Corrective action will be taken in accordance with EPA Hazardous Material guidelines.

Flexible cords or cables accessible to the public shall be arranged to minimize the tripping hazard. To reduce the possibility of tripping hazards, all cords and cables must be covered with non-conductive matting and/or high visibility Yellow Jackets™ or equivalent product. The cord must be in good condition and of sufficient gauge to accommodate the electrical load of the equipment and must be properly grounded.

All cables, power lines, etc. shall be run in an orderly manner and contained in matted ADA cable troughs that provide for safety and accessibility. No cords or cables can be strung in trees.

HH. ELECTRICAL WORK/APPLIANCES. JJ. OPEN-FLAME DEVICES. Open-flame decorative devices, **candles, oil lamps, decorative torches and gas lights** are **NOT authorized** in any tent or temporary structures.

KK. COMBUSTIBLE OR FLAMMABLE LIQUIDS shall NOT be stored on NPS property. NCA-AHJ

LL. Ground & Floor Surfaces: Accessible routes of travel must avoid irregular, soft loose surfaces, such as sand, gravel, cobblestones and similar uneven brick or concrete pavers. Such surfaces are uncomfortable and can cause wheelchairs to rock and tilt. Unstable and uneven surfaces also can be a problem for people who walk using crutches or canes, often causing a loss of balance or falls. Accessible routes must also avoid tall, wet grass, which is often slippery and difficult to roll a wheelchair across.

Permittee is responsible for establishing accessible routes of travel through site, food service, toilet, facilities, and assembly seating, using compact, stable, surfaces, free of loose debris. Appropriate turf cover/ground protection material approved by NPS, is required for ADA accessible routes established on the turf. Permittee is encouraged to secure products that are ADA-compliant, interlocking mats that are translucent and allow UV light to pass through to the grass below. The products must either be perforated or ribbed, allowing for ventilation and some moisture access to the turf below. Material to be used must be approved in advance by NPS. Plywood cannot be used as turf cover/ground protection. The following flooring products are approved for use on the turf in the following areas:

The following Armour Deck is flooring product(s) is approved for use in following areas:

1. Ellipse
2. **Protective material may ONLY be left in place for no more than 14 days from the time it is placed.**
3. **The flooring is required to have ramp edges**
4. The flooring must be clean

Pedestrian flooring shall follow the guidelines below:

- Comprised of single-sided or double sided high density translucent polypropylene.
- Not result in turf damage during removal.
- The cavity back (if specified) must have appropriate clearance above crown of grass (not compress the turf, approximately 1.75" to 2.25"); this depends on the time of year and ground conditions.
- Cavity back must have holes for air, light, and water to permeate the product.
- No fabric or other obstructions to turf decking covering holes or blocking light will be allowed below the protective decking.

MM. **Light Towers:** Light tower or another source of illumination are required when working in low light or dark conditions. In addition, portable illumination sources are required during low light or night events to facilitate safe egress and ingress of participants. At a minimum the following materials must be placed underneath the generator to protect the underlying surface from potential weight and vibration damage and fluid leakage:

- i. Properly graded approved flooring or other material (with approval of NPS)
- ii. Plastic fuel impermeable tarp
- iii. Absorbent material on top of tarp
- iv. Drip pan under fueling nozzle
- v. Temporary bike rack or fencing must be placed around the light tower

NN. **Media:** All equipment must be portable and self-contained with all stands using rubber tips or matting as a base. All cables must be covered so as not to present a tripping hazard. All equipment must be hand-carried/hand carted to event site.

Two (2) camera jibs will be used for filming. Jib arms cannot be longer than 18 feet. A safety zone with safety cones, of the length of the jib arms, must be placed around the jib. Jib cannot be passed over the crowd.

OO. **Marshals:** Demonstration marshals should be aware of their responsibilities and location(s) where they will be stationed and have received from demonstration organizers adequate training and instructions. Demonstration marshals should be aware of the time and location of the assembly and any march routes, the location of any first aid stations, water, and toilets, be knowledgeable of the NPS permit conditions, be able to communicate with law enforcement, as well as what to do if they think they observe any problems. While demonstration marshals do not act as police, they do help maintain order among participants, explain to non-participants that a particular area may be under permit, and be able to alert their supervisor and the United States Park Police in the event they observe a problem on Federal parkland.

PP. **PARKING** All vehicles must park in designated available public spaces. Parking will not be available along Constitution Avenue due to the evening rush hour. Overnight parking not permitted on Constitution Avenue nor on January 6 until after evening rush hour. Permittee is authorized to block of 16 parking spaces on the northside of Constitution Avenue between 15th and 17th Streets. All vehicles parked on Constitution Avenue must have event placard in the window.

QQ. **Satellite/microwave vehicles** will be directed to park in the designated media area along the east curb of 17th Street, with prior approval from the Metropolitan Police Department.

PERMIT #21-0278 (AMENDED)

PERMITTEE: WOMEN FOR AMERICA FIRST

LOCATION: ELLIPSE, SOUTHWEST QUADRANT, AND SOUTHEAST QUADRANT; SOUTH OF TREE LIGHTING SITE

DATE: JANUARY 2-8, 2021 (06:30 AM – 7:30 PM)

CCC. Weather (adverse) Policy during an Event Program: When there is a threat to public health or safety, the Superintendent and/or designee, may close the National Mall or an event being held there for such duration as determined necessary to ensure the safety and well being of the public. Such situations have occasionally occurred in the past where park areas have been closed due to severe weather warning of heavy snow, thunderstorms with lightning, high winds, cold and intense heat. Where an area is ordered closed due to a weather-related public safety threat, pursuant to 36 CFR 2.32 people must comply with official directions to leave the closed area and relocate to safer sheltered locations. Weather will be monitored throughout the duration of the event. Permittee is responsible for ensuring that adequate resources are available to deal with extreme weather conditions. For example extreme heat, cold, snow etc. Permittee is responsible for removing snow from flooring, however the Park Superintendent must approve type equipment used or any deicer.

DDD. Weather (adverse) Policy during Setup or Strike: During wet conditions caused by rainfall, snow melt, or frost melt, activities on turf must be suspended until conditions allow for work to continue. Signs of mud staining, footprinting, or when there is rainfall in excess of .25", will trigger a cessation of work and coordination with the NPS to determine the best way forward given current conditions, forecasted conditions, and deadlines.

Logistical Vehicles

EEE. Logistical vehicles on the approved access list will be allowed to pull onto the Ellipse to unload and load in heavy equipment. Pre-approved, hard plastic interlocking material must be used from the point of entry to the event site on the Ellipse to protect the surfaces and must cover sidewalk at entry. Coordination of load-in/load-out, entry and access must be through the Acting Park Manager. For security purposes, vehicle information must be provided to the Park Manager and approved by the U. S. Secret Service and the U. S. Park Police prior to any entry onto the Ellipse.

FFF. Permittee must contact U. S. Park Police to coordinate assistance from the U. S. Park Police for unloading/loading of equipment. Contact Sgt. Z. Mahasin or Sgt. Eddie Burnett at 202-610-7092.

GGG. For load out, an access vehicle list must be provided to the Acting Park Manager or her designated representative no later than ten days from the ceremony date or access will not be allowed. The Ellipse gravel roadway use is not allowed.

All personnel (NPS, other agencies, partners, and contractors) requiring vehicular access to the Ellipse for the purpose of setup, support and breakdown of an event, must coordinate their activities through the office of the Deputy Park Manager, President's Park, 202-208- 1631, prior to accessing the site.

HHH. Vehicles, forklifts, front end loaders, gators, gas/electric carts moving any equipment, especially heavy equipment on turf must be supported by some form of heavy duty plastic, material that clicks or snaps together to avoid movement of material and tripping hazards. Armour Deck is the approved to be used.

PERMIT #21-0278 (AMENDED)

PERMITTEE: WOMEN FOR AMERICA FIRST

LOCATION: ELLIPSE, SOUTHWEST QUADRANT, AND SOUTHEAST QUADRANT; SOUTH OF TREE LIGHTING SITE

DATE: JANUARY 2-8, 2021 (06:30 AM – 7:30 PM)

III. Absolutely no driving on the grass without the approved material. Driving on sidewalks is limited to gators, gas/electric carts only. Regarding the use of vehicles on the sidewalk areas, during such use, the vehicle must be accompanied by a spotter/individual to make the vehicle operator(s) and any pedestrians alert to any safety hazards. All operators of motor vehicles, (gators, gas/electric carts, etc.) must possess a valid driver's license.

JJJ. Support vehicle equipment, stored equipment, materials, etc. on turf areas shall be supported by temporary interlocking protective material heavy enough to support the wheels and jacks of all vehicles/mobile units.

KKK. To prevent damage to park water lines, staking into the ground is prohibited. Water barrels and /or concrete blocks that sit on temporary interlocking protective material will be permissible. Water to fill the barrels will need to be brought into the park since no service for filling the barrels is available on site. With the required coordination of President's Park's Chief of Maintenance (202) 359-3487, water can be dumped at designated storm drains on the Ellipse roadway. Dumping of water containing any non-biodegradable chemicals will not be permitted on the Ellipse.

LLL. Stages, stands and other facilities approved for placement on the grass must be supported by interlocking heavy duty plastic material. *Material to be used must be approved, in advance, by the National Park Service.*

MMM. Temporary interlocking protective material support shall be installed in over plazas, walkways, and turf areas for the ingress and egress of all vehicles/units or heavy equipment.

Additional Filming Conditions

NNN. All equipment must be portable and self-contained with all stands using rubber tips or matting as a base. All cables must be covered so as not to present a tripping hazard.

OOO. Filming /photography cannot interfere with public visitation or other permitted activities. All areas must remain open to the public at all times. No disruption or impediment of visitor/pedestrian traffic flow allowed. Sidewalk, building entrances road ways cannot be blocked at any given time. Pedestrians cannot be redirected nor stopped in order to capture scenes.

PPP. Any camera jibs must have ten-foot bike rack perimeter.

QQQ. A complete copy of this permit must be retained on-site at all times by the Permittee while operating under the authority granted.

3. All laws, rules and regulations applicable to the area covered by this permit remain in effect.
4. No fee may be collected, donation solicited, or commercial activity conducted. No items may be sold or offered for sale except for books, newspapers, leaflets, pamphlets, buttons and bumper stickers which contain a message related to your demonstration or special event. No other merchandise may be sold or offered for sale. A stand or structure used for the sale of permitted items may not exceed one table per site, which may be no larger than 2 1/2 feet by 8 feet or 4 feet by 4 feet. The dimensions of the sales site may not exceed 6 feet wide by 15 feet long by 6 feet high.
5. The area should be left in substantially the same condition as it was prior to the activities authorized herein, and all litter shall be placed in the trash containers provided.
6. This permit is applicable only for the use of the area designated above, and during the times designated above, or in any area as may hereafter be designated by the United States Park Police.
7. The use of sound amplification equipment, other than hand-portable sound amplification equipment to be used for crowd control purposes only, is prohibited on the White House Sidewalk (South 1600 Pennsylvania Avenue, NW, sidewalk between East Executive Avenue and West Executive Avenue). All sound amplification equipment shall be limited so that it will not unreasonably disturb nonparticipating persons in, or in the vicinity of, the area.
8. The National Park Service reserves the right to immediately revoke this permit at any time should it reasonably appear that the public gathering presents a clear and present danger to the public safety, good order or health, or if any conditions of this permit are violated.
