MFT SPEAKERS 12_12-2.pdf;

Hello All,

FYSA. ROS for Women for America First permit application on the Ellipse.

Ms. Cindy Chafian was second in line for the use of Freedom Plaza after Women for America First relinquished the location.

She will conduct an event on January 5th at Freedom Plaza starting from 5 am - 8 pm inclusive of setup and strike of the event.

Thank you

Marisa

NCR_Evaluation_of_Visual_Impact_Analysis_for_the_National_Mall_2018.pdf;

Margaret:

The attached July 2018 *Evaluation of Visual Impact Analysis for Permitted Temporary Structures on the National Mall* produced by the NPS National Capital Area, Resource Stewardship and Science Cultural Resources Division articulates the basis for President's Park's standing policy for protecting the vista established in the 1934-35 Olmsted Plan from the encroachment of structures. See particularly page 11 of the report. This articulation is the basis for the park's long-standing practice of not allowing event structures to be placed within the 150-foot-wide vista sight line from the White House to the Jefferson Memorial.

Please feel free to circle back if you have any follow up questions or you would wish to discuss.

Justin:

Thank you very much for your message and for taking time to provide your explanation of the reasons you have enumerated for requesting an exception to President's Park long standing practice of not allowing the placement of event structures within the White House to Jefferson Memorial vista sight line. The attached July 2018 *Evaluation of Visual Impact Analysis for Permitted Temporary Structures on the National Mall* produced by the NPS National Capital Area, Resource Stewardship and Science Cultural Resources Division articulates the basis for President's Park's standing policy for protecting the vista established in the 1934-35 Olmsted Plan from the encroachment of structures. See particularly page 11 of the report. This articulation is the basis for the park's long-standing practice of not allowing

event structures to be placed within the 150-foot-wide vista sight line from the White House to the Jefferson Memorial. This long-established practice is something very important to maintaining the historic and aesthetic integrity of the cultural landscape in President's Park South.

However, in your email you have articulated some compelling reasons as to why there is a very unique set of circumstances that provide a basis for a variance in this very special case. Tantamount to this is the very unusual circumstance of the visual intrusion resulting from the construction of the White House perimeter fence replacement. This once in over a half century fence replacement project on the south side of the White House provides the very unusual basis for the park to make an exception to its long-standing park policy. The wooden construction fence that encloses the project area along the fence line impairs views to the White House from the Ellipse. This impairment is further aggravated the farther away from the central axis one stands. As a central theme of your event is to connect it to the White House and the Presidency the construction fence in the view shed poses a significant visual impairment to your spectators and detracts from the visual message you are working to achieve. Allowing your set up to be placed in the vista would provide the most direct and least impaired visual connection between your event site set up and the White House Grounds than would be the case if your set up had to be outside the vista sight line. Furthermore, as you indicate options of placement in other areas of the Ellipse are further limited due to the existing site set up from the National Christmas Tree Lighting event site and the location of the GSA steam lines that traverse the Ellipse.

Therefore, I can extend your event an exception to the vista sight line policy. However, I hope you will work with our NPS staff to reduce as much as possible the visual impact to the vista sight line. Once again, thank you for your cooperation in helping us to understand the particulars of your event and we look forward to working with you and your team in making this a very successful event.

Please feel free to circle back if you have any questions or I can be of any assistance.

Best regards,
John

Superintendent Stanwich-

My name is Justin Caporale and I am representing Event Strategies, Inc. who is working with Women for America First to produce their event on the Ellipse on January 6th (permit # 21-0278). I am reaching out to request permission to build out our event site in the center of southern quadrant of the Ellipse.

I am aware that there are limitations when it comes to the line-of-sight vista that stretches across the center of the Ellipse and runs from the Truman Balcony to the Jefferson Memorial. I have the greatest respect for the National Park Service and the preservation of our parks and understand that there is a long-standing practice to keep the clear the line-of-sight vista clear from obstruction. In our case, I do believe there is great value in being able to use the space designated in the vista line that includes the preservation of the Ellipse.

From a production standpoint, having our event directly in the center of the Ellipse will lend itself to a more organized event by creating a clear and straight shot pathway for our production trucks to move onto the Ellipse and load and unload. Once the main infrastructure is built out our event will be afforded symmetry that will ultimately lead to a well-organized event that allows guests to have clear and concise egress options.

I understand that there is a concern with preventing damage to the steamline that runs underneath the Ellipse. In seeking permission to build our event setup within the Vista Sight Line we will be able to keep our infrastructure to the southern edge of the steamline which will eliminate any potential damage or obstruction to the steamline track system. That will allow the integrity of the steamline system to remain uncompromised.

The permission we are seeking would include placing the main mobile stage, press riser, and two LED screens within the designated area. The footprint of the stage and LED screen would measure approx. 155'. The press riser would be built 100' in front of the stage and the press riser would ultimately disappear under the cover of attendee's and members of the press.

In addition to the production concerns, we feel it is important to use the line-of-sight vista to properly display the majestic views of the White House in the way it was intended to be viewed. The permit holder has hosted multiple events around the District highlighting locations that are central to democracy. The White House represents the pinnacle of democracy and for this event specifically it would provide an unprecedented backdrop for a monumental event.

In addition to the reasons mentioned above, there is also unprecedented construction being performed on the White House perimeter fence line that prohibits direct line of sight from an angled position. In working through our diagrams we were unable to identify a clear line of sight from a side angle without having to place our infrastructure over the steamline tracks – which may cause damage.

The guidance provided that prohibits a stage and press riser being placed in the line-of-sight vista I would like to take any steps necessary to be afforded consideration and approval for an exemption. We will have many individuals who will be attending this event who may never get the opportunity to have this experience again. In addition to the live event audience, there will be a large press presence that will be broadcasting our event to millions at home – as an event producer I truly believe it is important to highlight our parks and all their beauty. Allowing us to setup in the Vista Sight Line will provide memorable and impressive photos and videos that will be worthy of the White House and President's Park.

I am attaching a current copy of the site layout that shows the setup that pushes to the western edge of the line-of-sight vista. With your approval our site layout would shift to the east approx. 75' to obtain a true center position. Our production team will work diligently and closely with National Park Service to identify any additional backstage components that can be moved outside of the line-of-sight vista.

I understand the unprecedented approval I am seeking and truly appreciate your consideration. Given the combination of the White House Fence construction, the Christmas Tree setup, the limited timeframe, and the large number of guests expected I do feel that we are in a unique situation where an exception could be granted, and the site shifted to true center at the direction of the National Park Service.

We begin laying the protective floor covering tomorrow morning at 7am. Thank you for your time and consideration.

Respectfully,

Justin Caporale

Subject: Fw: Permit #20-0278 Women For America First NCA Fire Life and Safety for Temporary Events Submission Package

Question probably for solicitor - who assumes responsibility and NPS liability when permits are issued, and our structural fire program is not afforded ample opportunity to review documents and conduct site inspections to assure fire and life safety compliance?

DO and RM 58 require us to enforce applicable laws, rules, and regulations to keep NPS assets, staff, and visitors safe. Local policy (NCA Fire and Life Safety Temporary Events) is written to help us assure compliance and distribute workload by requiring submission 20 days in advance of an event. Submission late on Jan 1 for a Jan 2 event is simply not reasonable or acceptable.

As always, we're not deeply concerned about "open" public gatherings not involving flammable or combustible equipment, cooking, heating, or cooling, construction methodology, or temporary structures unfamiliar to occupants which impede emergency egress. If someone wants to demonstrate their First Amendment rights in an open area on NPS lands, the structural fire program really does not want or need to be involved.

I can't help but think if we authorize (permit) erection of hazards on our land and don't make reasonable effort by qualified staff to assure a minimum level of safety of applicable fire rules and regulations, we are liable.

I look forward to additional conversation.

Jim

Subject: Permit #20-0278 Women For America First NCA Fire Life and Safety for Temporary Events Submission Package

Happy New Year Raul and Jim!

I hope your holidays were enjoyable. While you were both on leave, we received an application a second application for Women for America First for use of the Ellipse, January 2-8, 2020. This is of course a last-minute request and there is an interesting backstory but adding to the complexity this is a POTUS event.

I have attached their submission packet. Please let me know if you need any additional information.

Best regards,

Marisa

Subject: 21-0278 Women for America First

All:

Just to update you on things:

1. The group will be moving the stage, press riser and two sound towers into the Vista Site Line. They will attempt to move all other components out of the Vista for us.
2. The group requested this morning to park all their vehicles on the Ellipse since there is no one parking there today. The NPS indicated that this would not be possible as it would then open the Ellipse to all permitted groups to be able to do the same thing regardless of what day of the week that the event is being held.
3. Permittee indicated that since this is a POTUS event, that Room 1 (Ellipse parking for WH) reached out to him and said to let them know if they needed any parking.
4. Permittee has secured parking along Constitution Avenue from the National Park Service for the duration of the permit. The only day that this may be an issue would be the event day when the area is closed for POTUS participation.
5. Permittee indicated that they would remain out on Constitution Avenue with the flooring trucks unless there is an issue. They were attempting to figure out exactly how to rework the flooring to get vehicles into the Vista.
 - a. Explained to permittee what other groups have done - they build a large pad at the entrance to the Ellipse that would enable the group to get up onto the Ellipse to make the turn to get where they need to go
 - b. Explained to permittee that he should have a few extra pieces of flooring material that can be placed beneath the tires if a vehicle MIGHT go off the flooring material
6. Requested that permittee and I talk each day to see how things are going
7. Requested that permittee contact me first if there is a question so that the park Superintendent can decide on any request after consultation with those, he may need to discuss the request with.
8. Martin Torres, Permit Monitor, indicated that he went to the top of the Washington Monument to take photos of the pre-existing conditions of the Ellipse! I am sure that as things progress, he will

take more for us - especially once the event is show ready!

I just wanted to keep everyone aware of what is going on with this event.

Women for America First

Dailey, Amy <Amy_Dailey@nps.gov>

Sat 1/2/2021 6:25 PM

To: Stanwich, John <John_Stanwich@nps.gov>; Mendelson, Lisa <Lisa_Mendelson-Ielmini@nps.gov>; Richardson, Marisa <Marisa_Richardson@nps.gov>; Burnett, Eddie <Eddie_Burnett@nps.gov>; Mahasin, Zakiyyah T <Zakiyyah_Mahasin@nps.gov>; Lamond, David J <David_Lamond@nps.gov>; Blackman, Roland H <roland.blackman@sol.doi.gov>; Fondren, Kim L <Kim.Fondren@sol.doi.gov>

Some issues this morning with using the drop gate but it all worked out!

The flooring has gone over the steam line but is not covering any steam grates. The entire site had shifted to the vista area and more into the SE quadrant - again to prevent more damage to the turf in the SW quadrant. The flooring is also going right up to the chain link fence of the tree site. I am told that this was to bet things close to the gravel roadway in the tree site for POTUS' arrival.

Apparently, there will be a meeting with the USSS and the permittee tomorrow to discuss POTUS' arrival. I am not sure of the time but said that meetings like this need to have John Stanwich involved at a minimum. The permittee agreed to send John an invite email. My apologies for leaving out the USPP - John can you make sure that they know about the timing of the meeting?

The permittee also indicated that Room 1 (WH parking) has asked if they needed parking. Permittee indicated to me that since they have secured parking along Constitution for the week, they would not. Room 1 apparently has also asked about staff parking on Wednesday. I explained how the park has handled things on Tree Lighting night and suggested a couple of options to consider.

The permittee has also indicated that at least one speaker, Michael Flynn, travels with an unarmed security team. I asked the permittee to get in touch with Sgt. Burnett to discuss this aspect.

Due to the tremendous amount of general public walking through the site, I asked if the group could get their bike rack in sooner than anticipated. I am concerned with safety but also want to keep things on schedule. Site security should start tomorrow.

The group has left their flooring material in the curb lane of Constitution Avenue. I am told that they will be picking up the flooring from the sidewalk to get on the Ellipse.

Martin Torres went to the top of the monument to take pre load-in photos - permittee was to ask Marisa Richardson about them getting to the top to take a photo as well. I made no commitments as I told the permittee that I don't work in that park.

Just wanted to keep you all informed!

Subject: [EXTERNAL] Ellipse Access

This email has been received from outside of DOI - Use caution before clicking on links, opening attachments, or responding.

Amy-

First, thank you for working so closely with our group to ensure we have the guidance necessary to remain safe and successful.

I would like to let you know that our flooring vendor was granted permission to enter the ellipse with their fork lifts through the gate opposed to the sidewalk fountain access.

This decision was made based on safety to the Ellipse grass and to avoid traversing the foundation sidewalk while pedestrians were present. Our flooring vendor brought in oversized forklifts with wide soft tires to avoid any potential damage to the lawn given the state of saturation due to the recent rain.

Again, this decision was based on safety and unique circumstances.

Thank you for your understanding.

Happy New Year Kim and Roland,

Please see Jim King's email regarding the 20 day requirement for NCA documentation submission requirements.

This is concerning the Women for America First permit for the Ellipse. There were two permits issued one for just flooring for January 2-3, 2021 and second issued last night for the bulk of the build to start on Monday.

I sent the complete package to Raul and Jim when I received it on Friday, January 1.

The bulk of the fire and life stuff setup does not start until Monday and they can't set up without a permit.

We have talked about this issue several times and it will come into play with inaugural permits especially at the Lincoln Memorial and the proposed fireworks. The deadline for the submission was Friday.

How do you think we resolve/address Jim's concerns?

Marisa

Question probably for solicitor - who assumes responsibility and NPS liability when permits are issued, and our structural fire program is not afforded ample opportunity to review documents and conduct site inspections to assure fire and life safety compliance?

DO and RM 58 require us to enforce applicable laws, rules, and regulations to keep NPS assets, staff, and visitors safe. Local policy (NCA Fire and Life Safety Temporary Events) is written to help us assure compliance and distribute workload by requiring submission 20 days in advance of an event. Submission late on Jan 1 for a Jan 2 event is simply not reasonable or acceptable.

As always, we're not deeply concerned about "open" public gatherings not involving flammable or combustible equipment, cooking, heating, or cooling, construction methodology, or temporary structures unfamiliar to occupants which impede emergency egress. If someone wants to demonstrate their First Amendment rights in an open area on NPS lands, the structural fire program really does not want or need to be involved.

I can't help but think if we authorize (permit) erection of hazards on our land and don't make reasonable effort by qualified staff to assure a minimum level of safety of applicable fire rules and regulations, we are liable.

I look forward to additional conversation.

Jim

Jim

Thank you for sharing this information. As you are aware I attended an on site meeting with the organizers, USSS and POTUS Advance at 1 pm today on the Ellipse. A few things to update you on that was reported the organizers believe the expected attendance will be at least 20K and may be as high as 30K. It was also reported that POTUS may be on site for more than 1 hour. In addition the set up has shifted to the East and the stage is now centered on the mid point of the Ellipse rather than being offset to the west as depicted on the map you provided. The organizers are due to give us a revised ground plan and we will make sure to share it as soon as it is received. Please feel free to reach out if you have and questions or wish to touch base.

Best regards

John

All,

Please see attached Briefing Statement for January 6.

We are confirming with MPD what time the City traffic road closure box will go into effect. USPP's will most likely begin at 0600 on 1/6, we will update once confirmed after City wide partners meeting tomorrow.

The activities for 1/5 tentatively scheduled for Freedom Plaza are still being discussed between the Permit Office and the organizer, there is a 0900 meeting tomorrow with the organizer and hopefully at the conclusion of that meeting, we should know more.

Thanks,

Jim

<https://mayor.dc.gov/release/mayor-bowser-continues-preparation-upcoming-first-amendment-demonstrations>

Mayor Bowser Continues Preparation for Upcoming First Amendment Demonstrations

Sunday, January 3, 2021

(Washington, DC) Mayor Bowser is continuing preparations for this week's First Amendment activities. She had previously directed the DC Homeland Security and Emergency Management Agency (HSEMA) to stand up the District's Emergency Operations Center (EOC) beginning Monday, January 4, to coordinate the response for the upcoming First Amendment demonstrations, permitted by the National Park Service, scheduled for January 5 and January 6. The EOC serves as the coordination hub between District agencies and regional and federal partners. On Tuesday, the Metropolitan Police Department (MPD) begins its full activation with all staff reporting for response on Tuesday and Wednesday.

Mayor Bowser instructed District agencies to create a comprehensive public safety response to ensure residents' safety. Additionally, HSEMA and MPD are conducting event overviews for the Council of the District of Columbia, faith leaders, and the downtown business community. Residents are encouraged to report suspicious activity by making a report through iwatchdc.org or by calling 911 for immediate threats or emergencies.

"MPD and HSEMA are coordinating among District agencies and with federal authorities to ensure our residents and businesses remain safe," said Mayor Muriel Bowser. "I am asking Washingtonians and those who live in the region to stay out of the downtown area on Tuesday and Wednesday and not to engage with demonstrators who come to our city seeking confrontation, and we will do what we must to ensure all who attend remain peaceful."

Members of the public and anyone attending the events are reminded that District law prohibits anyone from carrying a firearm within 1,000 feet of

any First Amendment activity. Under federal law, it is illegal to possess firearms on the US Capitol grounds and on National Park Service areas, such as Freedom Plaza, the Ellipse, and the National Mall. Additionally, members of the public are reminded that the District of Columbia does not have reciprocity with other states' concealed pistol licenses; unless a person has been issued a concealed pistol license by the District of Columbia, they cannot conceal carry a firearm in the city. Finally, it is illegal to open carry firearms in the District.

Residents and commuters are encouraged to register for important alerts from the District by signing up for AlertDC at alertdc.dc.gov.

A comprehensive list of traffic adjustments and street closures can be found below:

Emergency No Parking - Tuesday, January 5, 2021 at 6 am to Thursday, January 7, 2021 11:59 pm:

- Jefferson Drive from 3rd Street, SW to 15th Street, SW
- 12th Street Tunnel
- 9th Street Tunnel

While the Metropolitan Police Department does not anticipate additional street closures on Tuesday, January 5, 2021 and Wednesday, January 6, 2021, there is the potential for intermittent closures in the downtown area. Additionally, while the Metropolitan Police Department does not anticipate street closures on Thursday, January 7, 2021, there is the potential for intermittent closures in the downtown area. Any decision to close a street will be based upon public safety. For timely traffic information, visit: twitter.com/DCPoliceTraffic

The public should expect parking restrictions along the street and should be guided by the posted emergency no parking signage. All vehicles that are parked in violation of the emergency no parking signs will be ticketed and towed.

Motorists could encounter possible delays if operating in the vicinity of downtown area and may wish to consider alternative routes. The Metropolitan Police Department and the District Department of Transportation also wishes to remind motorists in the vicinity of this event to proceed with caution as increased pedestrian traffic can be anticipated.

Richardson, Marisa <Marisa_Richardson@nps.gov>

Mon 1/4/2021 10:16 AM

To: Reinbold, Jeffrey P <Jeff_Reinbold@nps.gov>**Cc:** Baltrus, Alyssa <Alyssa_Baltrus@nps.gov>; Stanwich, John <John_Stanwich@nps.gov>; Lamond, David J <David_Lamond@nps.gov>; Murphy, James R <James_Murphy@nps.gov>; Litterst, Michael D <Mike_Litterst@nps.gov>

Hello Jeff,

Please see the request from Women for America First, requesting access into the Washington Monument on Wednesday, January 6 from 1030 am -1130 am to snap a photo of the Ellipse while the President is speaking at 11 am. I spoke to Hannah, explaining the COVID restrictions and the limited number of people allowed in the Monument and the ticketing system. I inquired about a later time slot potentially 2pm-230pm or but that doesn't fit the idea timeline.

The ideal timeslot is 11 am -1120 am for 4 people. Please let me know if this a request we can accommodate.

They all will have 1 camera each - I do not expect a large video camera, just the small monopod.

Hi Marisa —

Happy New Years! Thank you for getting back to me on this - we are excited for the opportunity.

Below is my request — I think it would be perfect if we had them up there by 10:30AM and back down by 11:30AM. They all will have 1 camera each - I do not expect a large video camera, just the small

monopod.

Hello Hannah,

Happy New Year! Just a couple of questions about your request to have a photographer at the top of the Washington Monument:

1. How many photographers would require access?
2. What time frame are you requesting?
3. What type of equipment would the photographer bring into the Washington Monument?
4. Are you also requesting a videographer?

This information will help me flush out the request to present to the Superintendent and Park Police.

Best Regards

Marisa

Sent: Monday, January 4, 2021 1:03 PM
To: Murphy, Richard <Richard_Murphy@nps.gov>
Subject: Mayor Bowser Continues Preparation for Upcoming First Amendment Demonstrations

This is an important message from the District of Columbia AlertDC system.

Mayor Bowser is continuing preparations for this week's First Amendment activities. She had previously directed the DC Homeland Security and Emergency Management Agency (HSEMA) to stand up the District's Emergency Operations Center (EOC) beginning Monday, January 4, to coordinate the response for the upcoming First Amendment demonstrations, permitted by the National Park Service, scheduled for January 5 and January 6. The EOC serves as the coordination hub between District agencies and regional and federal partners. On Tuesday, the Metropolitan Police Department (MPD) begins its full activation with all staff reporting for response on Tuesday and Wednesday.

Mayor Bowser instructed District agencies to create a comprehensive public safety response to ensure residents' safety. Additionally, HSEMA and MPD are conducting event overviews for the Council of the District of Columbia, faith leaders, and the downtown business community. Residents are encouraged to report suspicious activity by making a report through iwatchdc.org or by calling 911 for immediate threats or emergencies.

“MPD and HSEMA are coordinating among District agencies and with federal authorities to ensure our residents and businesses remain safe,” said Mayor Muriel Bowser. ***“I am asking Washingtonians and those who live in the region to stay out of the downtown area on Tuesday and Wednesday and not to engage with demonstrators who come to our city seeking confrontation, and we will do what we must to ensure all who attend remain peaceful.”***

Members of the public and anyone attending the events are reminded that District law prohibits anyone from carrying a firearm within 1,000 feet of any First Amendment activity. Under federal law, it is illegal to possess firearms on the U.S. Capitol grounds and on National Park Service areas, such as Freedom Plaza, the Ellipse, and the National Mall. Additionally, members of the public are reminded that the District of Columbia does not have reciprocity with other states' concealed pistol licenses; unless a person has been issued a concealed pistol license by the District of Columbia, they cannot conceal carry a firearm in the city. Finally, it is illegal to open carry firearms in the District.

Residents and commuters are encouraged to register for important alerts from the District by signing up for AlertDC at alertdc.dc.gov.

A comprehensive list of traffic adjustments and street closures in effect Tuesday, January 5, and Wednesday, January 6 can be found at <https://mpdc.dc.gov/release/traffic-advisory-first-amendment-activity-Jan5>.

While the Metropolitan Police Department does not anticipate additional street closures on Tuesday, January 5, 2021 and Wednesday, January 6, 2021, there is the potential for intermittent closures in the downtown area. Additionally, while the Metropolitan Police Department does not anticipate street closures on Thursday, January 7, 2021, there is the potential for intermittent closures in the downtown area. Any decision to close a street will be based upon public safety. For timely traffic information, visit: twitter.com/DCPoliceTraffic

The public should expect parking restrictions along the street and should be guided by the posted emergency no parking signage. All vehicles that are parked in violation of the emergency no parking signs will be ticketed and towed.

Motorists could encounter possible delays if operating in the vicinity of downtown area and may wish to consider alternative routes. The Metropolitan Police Department and the District Department of

Transportation also wishes to remind motorists in the vicinity of this event to proceed with caution as increased pedestrian traffic can be anticipated.

Team,

On Tuesday 1/5, the Ellipse will be open for parking and no impacts to projects is anticipated.

Demonstrations are planned downtown but not in the vicinity of the Ellipse. To pass road blocks please show your PIV card and explain you work for NPS at the White House.

If your project responsibilities require you to be onsite on Tuesday, I recommend arriving early and leaving early if possible.

On Wednesday 1/6, the Ellipse **will not** be open and there will be no parking available on the Ellipse.

I am awaiting guidance on potential project impacts and will provide an update on Tuesday afternoon with regards to operations on Wednesday.

Moving forward, please update your location status on this virtual In Out Board each week for personnel accountability in emergency situations: <https://teams.microsoft.com/file/D97D8F80-DD44-4128-9F1B-02E9CAD593A4?tenantId=0693b5ba-4b18-4d7b-9341-f32f400a5494&fileType=xlsx&objectUrl=https%3A%2F%2Fdoimsp.sharepoint.com%2Fsites%2FWHHODesignandConstruction%2FShared%20Documents%2FGeneral%2FIn%20Out%20Board.xlsx&baseUri=https%3A%2F%2Fdoimsp.sharepoint.com%2Fsites%2FWHHODesignandConstruction&serviceName=teams&threadId=19:04d75baf5d6f43f5970c7fb6f413ff0e@thread.skype&groupId=c30c3c0b-547d-4f58-86c9-85f3efd3abb4>

Subject: 1/5 – 1/6: Road Closures

Good Evening EOP Staff,

Due to First Amendment demonstrations, road closures will begin at **6:00 a.m. on Tuesday, January 5th and last through 11:59 p.m. on Wednesday, January 6th.**

Staff traveling to and from their residence in performance of their official duties can show their PIV card or badge in order to proceed through road closures. **Please be aware that on January 6th beginning at 4:00 a.m., staff will not be able to travel on Constitution Avenue between 15th Street and 17th Street.**

The Ellipse will be closed to all vehicles beginning at 10:00 p.m. on Tuesday, January 5th through 4:00 a.m. on Thursday, January 7th. Ellipse parkers should plan to make alternate parking arrangements during this time. All vehicles parked in the Ellipse should be removed by **10:00 p.m. on Tuesday, January 5th.** Vehicles left in this area will be towed.

Please see below for a limited listing of road closures around the White House Complex:

- Constitution Avenue from Pennsylvania Avenue to 18th Street, NW
- K Street from 9th Street, NW to 18th Street, NW
- I Street from 9th Street, NW to 18th Street, NW
- H Street from 9th Street, NW to 18th Street, NW
- G Street from 9th Street, NW to 15th Street, NW

- G Street from 12th Street, NW to 15th Street, NW
- G Street from 17th Street, NW to 18th Street, NW
- Pennsylvania Avenue, NW from 3rd Street, NW to 15th Street, NW
- Pennsylvania Avenue, NW from 17th Street, NW to 18th Street, NW
- 14th Street from Independence Avenue, SW to L Street, NW
- 15th Street from Independence Avenue, SW to L Street, NW
- 16th Street from H Street, NW to L Street, NW
- Connecticut Avenue from H Street, NW to L Street, NW
- 17th Street from Independence Avenue, SW to L Street, NW
- 12th Street Tunnel
- 9th Street Tunnel

For a more extensive list of anticipated closures, please see the travel advisory on mpdc.dc.gov.

[BLANK] Madison MFT Placard.pdf;

Good Morning,

I hope you are well. The event coordinators are asking our NPS concessioner for food trucks at their event tomorrow. I don't know if this is even possible with such short notice, but in case it actually comes together, I wanted to reach out to you. As part of the regional contract we have with RGI, food trucks are required to have a placard signed by a representative of the park they operating. Would it even be possible to get a placard signed by a representative at Presidents Park or would you be amenable to allowing the placard to be signed by NAMA as we already have a swift process in place for this. I have attached a placard for your reference.

Kind Regards,

Karl Gallo

Hello Karl,

I have copied John, Amy and USPP on this email. I don't think Food trucks would be able to park on Constitution Avenue or exactly how they will gain access to the Ellipse with the road closures. Potentially, they could enter through a USPP closure. RGI will need to provide access information today for any food trucks. The event organizer needs to have location on the flooring to park the truck and submit a new site plan.

Good Morning Marisa,

Is there a place that RGI would even be allowed to set up food trucks over on the Ellipse? I know security is going to be an issue with this event and with such short notice I am not sure they will be able to provide anything, but they are willing to try if there is a place where food trucks would be allowed to

be parked. I think this may also get tricky because it is technically in Presidents Park and the superintendent there would need to sign off on the placard.

Hey Karl!

We got a call in the office today from one of the folks that is working on the permitted event on the ellipse on Wednesday

I'm not sure I can rally anything together but we will give it a shot – major question that I would have is since we likely would only be able to get food trucks together for them is there a place they can park over there for service and are there any additional security requirements we need to keep in mind? I know when we've done productions on the ellipse before it's pretty tight in terms of clearance and requirements – thanks!

All:

Please see the request below from the permittee for tomorrow's event. I have been told that the Mayor has walked to events in the past, but that since his security team has asked, they wanted to know the possibility of getting his vehicle through any street closures.

I reminded the permittee that with the request to have Constitution Avenue closed between 15th & 17th Streets, that there would be no way for any vehicles to access Constitution Avenue. I also reminded the permittee that, to my knowledge, no one has indicated that there is no staff parking on the Ellipse tomorrow so that any construction of bike rack for folks to queue in to get through the mags, will need to take into consideration that staff need to be able to access and depart from the Ellipse (this would also include any emergency vehicles that would need to access the Ellipse if needed.)

Just wanted to keep you all informed of what is taking place so that the best decision can be made.

To date, I do not know if the Mayor's security team is armed or not. Both Marisa and I have always maintained that any security team needs to reach out to the USPP to discuss NPS policies and procedures.

Amy-

Requesting permission to park 6-8 production vehicles on the dog legs of the ellipse. The trucks are 26' box trucks.

Approving this request will allow our production vehicles to load out tomorrow after the show and given the road closures would be very helpful to expedite breakdown and ensure crews arrive efficiently.

Adding Chris Ambrosini, also from the WH Advance team, Joseph Routh, USSS Service Lead, and Jesse Rangel, USSS Site Lead.

We would like to get final confirmation on when we can build the bike rack on Constitution. Preferably we can do it sooner than midnight tonight because we want to control the crowdfow before individuals start lining up.

On Tue, Jan 5, 2021 at 1:52 PM Megan Powers <megan@mpowersconsulting.com> wrote:

Hi all,

Adding Jared Small, our White House Advance Lead here as well.

We would like to build out the bikerack on Constitution before midnight tonight, as we think guests may begin queuing up prior to that.

We have coordinated with USSS that the speaker drop off location will be 17th and E after entering the vehicle checkpoint at 18th and D. We are compiling the access list and I am happy to share with anyone who needs it on this distro.

Additionally, there are a number of busses coming from out of town. We are advising anyone to drop off outside the road closure zone as indicated on the attached map.

Please let me know if you have any adjustments to the above.

Best,
Megan Powers

Thank you all for the information. We have multiple vendors coming in tomorrow 1/5/21 for load out via Constitution Avenue NW beginning at 9:30 AM.

Do you have a suggestion for how we should instruct them to access the Ellipse? Is there any lane available via any entrance so that we can ensure they are able to unload their trucks?

Best,
Megan

Street Closures

On Tuesday, January 5, 2021 and Wednesday, January 6, 2021, the streets *will* be closed at 0600 hours.

On Thursday, January 7, 2021, at approximately 0930 hours, the posts will be staffed to make closures, *if necessary*.

- Constitution Avenue from 9th Street to 18th Street, NW
- K Street from 9th Street, NW to 18th Street, NW
- I Street from 9th Street, NW to 18th Street, NW
- H Street from 9th Street, NW to 18th Street, NW
- New York Avenue from 9th Street, NW to 15th Street, NW
- New York Avenue from 17th Street, NW to 18th Street, NW
- G Street from 9th Street, NW to 15th Street, NW
- G Street from 17th Street, NW to 18th Street, NW
- F Street from 9th Street, NW to 15th Street, NW
- F Street from 17th Street, NW to 18th Street, NW
- E Street from 9th Street, NW to 15th Street, NW
- E Street from 17th Street, NW to 18th Street, NW
- D Street from 17th Street, NW to 18th Street, NW
- C Street from 17th Street, NW to 18th Street, NW
- Pennsylvania Avenue, NW from 9th Street, NW to 15th Street, NW
- Pennsylvania Avenue, NW from 17th Street, NW to 18th Street, NW
- 10th Street from Constitution Avenue, NW to L Street, NW
- 11th Street from Pennsylvania Avenue, NW to L Street, NW
- 12th Street from Constitution Avenue, NW to L Street, NW
- 13th Street from Pennsylvania Avenue, NW to L Street, NW
- 14th Street from Independence Avenue, NW to L Street, NW
- 15th Street from Independence Avenue, NW to L Street, NW
- 16th Street from H Street, NW to L Street, NW
- Vermont Avenue from H Street, NW to L Street, NW
- Connecticut Avenue from H Street, NW to L Street, NW
- 17th Street from Constitution Avenue, NW to L Street, NW
- Inbound 12th Street Tunnel

On Tuesday, January 5, 2021 and Wednesday, January 6, 2021, the following streets will also be closed at the direction of the Incident Commander to accommodate the safe movement of any demonstration. These closures will be for the “Extended Traffic Exclusionary Zone.”

- Constitution Avenue from Pennsylvania Avenue, NW to 9th Street, NW
- Pennsylvania Avenue from 3rd Street, NW to 9th Street, NW
- 9th Street from Constitution Avenue, NW to E Street, NW
- 9th Street Tunnel
- 7th Street from Independence Avenue, SW to E Street, NW
- 6th Street from Constitution Avenue, NW to E Street, NW
- 5th Street from Indiana Avenue to E Street, NW
- 4th Street from Indiana Avenue to E Street, NW
- 4th Street from Independence Avenue, SW to Pennsylvania Avenue, NW
- 3rd Street from Independence Avenue, SW to D Street, NW
- Madison Drive from 3rd Street, NW to 15th Street, NW
- Jefferson Drive from 3rd Street, SW to 15th Street, SW
