CAMPER SAFETY TIPS

- If you need assistance, contact Campground Hosts (April – October) at Oceanside Drive-In sites 1 and 3 or Bayside Drive-In sites 1 and 2.
- In the event of an **EMERGENCY, dial 911**. An emergency 911 phone is located just outside the Ranger Station, on the east side. It is designated by a red post and a blinking blue light after dark.
- Ranger Station Phone: 410-641-3030
- Protect yourself from the **sun** with shelters, sunscreen, and proper clothing.
- Protect yourself from **biting insects** with repellent (deet), protective clothing, and/or screen tents. Avoid ticks by staying out of the brush.
- **Thunderstorms** can develop quickly in the summer months. High winds, lightning, and hail may occur. Take cover. Stay out of water and leave beach during lightning.
- All **campfires** must be completely extinguished **with water**. Do not bury fires with sand. People walking in campsites and on the beach have been injured and burned from stepping, unknowingly, on the smoldering remains of buried campfires.
- **DO NOT APPROACH, PET, OR FEED ANY WILDLIFE INCLUDING HORSES!** Wild horses are unpredictable and may carry rabies and other diseases.
- **Enjoy the beach safely!** Obtain surf safety information and swim with caution.

Program schedules, trail maps and other activity information can be obtained at Ranger Station or Visitor Centers.
