Program schedules are subject to change - inquire at the Visitor Center for the latest program information.

Program Descriptions

Bryce Canyon National Park May 18 – 31, 2014

WALKS & TALKS

Geology Talk -- 30 mins Learn all about Bryce Canyon's amazing geology. *Meet at the benches near Sunset Point - follow the path toward the viewpoint from the shuttle stop.*

Rim Walk -- 90 min. Join a Ranger for a short walk (1 mile) along the Rim Trail. *Meet at the Sunset Point shuttle stop.*

EVENING PROGRAMS & ASTRONOMY EVENING PROGRAMS

"A Brief History of Astronomy" Volunteer Dark Ranger Ben Benson takes you on a historical journey as humans have learned about their connections with the stars. *Stargazing follows at Visitor Center!*

"All I Really Need to Know I Learned from the Greeks" Join Dark Ranger Kim Hyatt as he tells how the astronomy of the ancient Greeks contributed to our knowledge of the heavens. *Stargazing follows at Visitor Center!*

"Amazing World of Trees" Join Ranger Cheryl Evans for a look at the oldest, tallest and biggest trees in North America. It's only a tree but it amazes me how it can serve all life on Earth with such diversity.

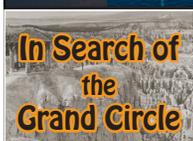

"A Climate Intervention" Does it sometimes feel like you're the only one trying to save the planet? Do you know any climate denialists? Do you find it hard to talk to them? If you answered "Yes!" to any of these questions, join Ranger Poe for an open discussion about Global Climate Change. Polite skeptics welcome too!

"Climate Through Time" Join Dark Ranger Donald Williams for an exploration through billions of years of Earth's climate history. Current & future climate issues will be addressed.

"First Star People" Join Dark Ranger Sean Duffy for American Indian astronomy and stories. *Stargazing follows at Visitor Center!*

"In Search of the Grand Circle" Ranger Kim Hyatt explores the fascinating story of how much railroad service influenced the way we experience the Canyon and other parks of the Grand Circle. **CANCELLED**

"A Journey to the Virgo Cluster (and back if you choose)" Join Dark Ranger Donald Williams for a trip highlighting some of the celestial objects visible from Bryce Canyon's magnificent dark sky. *Stargazing follows at Visitor Center!*

"Leave It As It Is" Where do we find America's treasures? Ranger Tim Elliott shares postcard images of these places in connection with the historical outlook.

"Prairie Dogs & Other Cool Critters" Join Park Ranger Kevin Doxstater to learn about prairie dogs and some of the other great wildlife found at Bryce Canyon (and elsewhere).

"Violence from the Void" Join Dark Ranger William Goins as he takes you through meteor impacts and more on an epic show of astronomic destruction. *Stargazing follows at Visitor Center!*

"Wings on the Wind" Join Ranger Kevin Doxstater for a look at the amazing migratory journeys undertaken by some of North America's birds. Along the way you'll also meet some of Bryce's favorite "feathered friends."
