

***Superintendent
Myrna Palfrey-Perez***

Welcome To Canaveral National Seashore

It is a great honor and a humbling reward to serve as the Superintendent of Canaveral National Seashore.

As you view our website, you begin your visit to one of Florida's most pristine areas. You will see all the recreational opportunities the seashore offers, including canoeing, kayaking, fishing, surfing, swimming, sun-bathing, boating, hiking, bird-watching, horseback riding and back-country camping. It is our wish that the natural beauty of the barrier island, open lagoon and coastal hammock will entice you to visit this national park area. We invite you to come and enjoy the unique cultural and natural resources that await you at Canaveral National Seashore.
