Contractors to Treat Exotic Plants within Canaveral National Seashore

Environmental Quality Inc. will be treating exotic plants at Canaveral National Seashore Playalinda District over the next several months. Contractors will be accessing sites via airboat and roadways and trails. Contractors will be using approved, current control technologies per the chemical labels and herbicide license requirements. For more information or concerns regarding the project, please direct your inquiries to Kristen Kneifl at 321-267-1110 with Canaveral National Seashore or Jackie Smith with Florida Fish & Wildlife Conservation Commission at 772-597-5462.

About the National Park Service. More than 20,000 National Park Service employees care for America's 401 national parks and work with communities across the nation to help preserve local history and create close-to-home recreational opportunities. Learn more at www.nps.gov.
