

**Insurance Requirements  
Commercial Use Authorizations  
Chickasaw National Recreation Area**

The types of activities authorized and party sizes determine the type and minimum amount of liability coverage required by the National Park Service (NPS). Refer to the attached chart for the specific coverage requirements that fit your operation. Several types of policies may be available to you. Minimum National Park Service requirements are listed on the reverse. **Please share this information with your insurance agent.**

**Comprehensive General Liability (Commercial General Liability)** The **minimum** required liability coverage for bodily injury is \$300,000 per occurrence; higher limits may be required for **some** activities.

- **Automobile Liability** is required for all owned, non-owned and hired vehicles used in the operation within National Park Service areas, including tour buses.
- **Watercraft Liability** coverage is required for boating activities on waters within NPS areas. Depending on the size, ownership, and use of the watercraft, this is covered either by a Protection and Indemnity (P&I) Liability Policy, or by a Comprehensive General Liability policy (see chart).
- **Worker's Compensation** coverage as required by state law.

**The insurance policy must contain a waiver of subrogation clause specifying that the insurance company shall have no right of subrogation against the United States of America.** If this is not possible, the **United States of America** must be named on the policy as an additional insured. You may include the National Park Service, Chickasaw National Recreation Area on the certificate. Premiums are generally lower with the waiver approach. The certificate of insurance provides the NPS with proof this requirement is met.

The **United States of America, National Park Service**, should also be listed as a certificate holder with the following address: Chickasaw National Recreation Area, 1008 W. 2<sup>nd</sup> St., Sulphur, OK 73086. A certificate of insurance is usually sufficient proof of coverage; however, if there is an endorsement, please submit that as well.
