**APPENDIX A
COMPENDIUM JUSTIFICATION NOTES**

As required in 36 CFR 1.5(c), the superintendent has prepared a written determination justifying the actions set forth in this compendium. The justification of actions are listed below.

§ 1.5 Closure's and public use limits.

(a) (1) The superintendent has determined that visitation in other than daylight hours is incompatible with the educational and scientific purposes for which the park was established. The superintendent has also determined that this closure is necessary for visitor safety and protection of government property. Emergency and holiday closures will be posted and/or announced through the media.

(a) (1) The superintendent has determined that it is necessary to close the mounds to public travel because of the possibility of damage from erosion and or intentional acts of vandalism.

(a) (1) The superintendent has determined that the closure of all mound groups and rock shelters and historical sites, located in the North, South and Heritage Addition units that are not on established public trails is necessary for visitor safety and protection of government property. These areas are sensitive archaeological, historical and biological sites with no trails, interpretive or visitor services available for their use. The superintendent may grant access to these areas for educational or scientific reason.

(a) (1) The superintendent has determined that geocaching within Effigy Mounds National Monument is incompatible with the mission of the Monument, and would potentially conflict with the preservation of cultural resources and the spiritual quality of the resources.

§ 1.6 Permits

(c) The superintendent has determined that permits are necessary for the listed activities in order to protect park resources and to avoid conflicts in visitor use.

§ 2.1 Preservation of natural, cultural and archaeological resources

(c) (1) The superintendent has determined that berries, seeds and nut collecting in small amounts will not adversely affect wildlife or the reproductive potential of traditionally collected plants at this time.

§ 2.2 Wildlife Protection

(d) The superintendent has determined that the transportation of legally obtained wildlife through the Sny Magill Unit public access corridor poses an acceptable level of risk to the general public and wildlife within the park.

§ 2.4 Weapons, traps and nets

(a) The superintendent has determined that the possession of a weapons, traps and nets is permitted within the Sny Magill Unit public access corridor, and poses a limited, and acceptable level of risk to the general public and wildlife within the park, provided such implements are possessed and being used in accordance with state and federal law, and are rendered temporarily inoperable or are packed, cased or stored in a manner that will prevent their ready use.

§ 2.10 Camping and food storage.

The superintendent has determined that camping would conflict with the scientific and educational purposes for which the park was established.

§ 2.11 Picnicking

The superintendent has determined that picnicking in non-picnicking areas would conflict with the scientific and educational purposes for which the park was established.

§ 2.13 Fires

(a) (2) The superintendent has determined that the use of stoves, charcoal or gas grills or other cooking devices is inconsistent with the mission and facilities within the park, and could possibly put resources at risk.

§ 2.15 Pets

(a) (5) The superintendent has determined this restriction is necessary to maintain public safety and for protection of the environmental and scenic values of the park.

§ 2.16 Horses and pack animals

(a) The superintendent has determined this restriction necessary to maintain public safety and for the protection of the environmental and scenic values of the park.

§ 2.20 Skating, skateboards, and similar devices

The superintendent has determined this restriction of these and similar devices is necessary for public safety and the protection of park resources. The use of Segway® Personal Transporters (or similar such device) have been determined to be appropriate for use in areas designated as being available to individuals with physical disabilities.

§ 2.21 Smoking

(a) The superintendent has determined this restriction is necessary for public health and safety.

§ 2.23 Recreation fees

(a) The superintendent has determined this variance necessary to account for lawful recreational users who are only travelling through the park by watercraft on the Yellow River or by vehicle in the Sny Magill access corridor, and do not come in contact with fee collection stations.

§ 2.35 Alcoholic beverages and controlled substances

(a) (3) (A) The superintendent has determined that restrictions regarding the possession and or consumption of alcoholic beverages is necessary for public safety, and to prevent conflicts with the scientific and educational uses for which the park was established.

§ 2.51 Public assemblies, meetings

(a) (e) The superintendent has determined these restrictions are necessary for public safety and to prevent any conflicts with the scientific and educational uses for which the park was established.

§ 2.52 Sale or distribution of printed matter

(a) (e) The superintendent has determined these restrictions are necessary for public safety and to prevent any conflicts with the scientific and educational uses for which the park was established.

§ 2.62 Memorialization

(a) (b) (c) (d) The superintendent has determined that memorialization within the Monument is inconsistent with the mission of preserving the burial structures and remains of ancient American Indians.
