## Comment Form

Newsletter #1, Summer 2011

White-tailed Deer and Vegetation Management Plan  
Environmental Impact Statement

National Park Service  
U.S. Department of the Interior

Fire Island National Seashore

Your input is important to the planning team. As part of the planning process, all interested individuals, organizations, and agencies are invited to comment during the public scoping period, which extends through July 24, 2011. We encourage you to comment electronically at <http://parkplanning.nps.gov/FireIslandDeerPlanScoping>. Otherwise, please use this form to express your ideas and concerns about white-tailed deer and vegetation management at Fire Island National Seashore. Feel free to attach additional pages if you need more space (no staples please). Please see the reverse side of this form for the National Park Service's policy on making comments available for public review.

What issues or concerns do you have about white-tailed deer or deer management at Fire Island National Seashore that the NPS needs to consider in preparing this plan?

Do the purpose, need, and objectives reflect what you think needs to be accomplished through this plan?

If not, what else do you think needs to be accomplished?

Are there strategies for deer and vegetation management, other than those presented, that you think should be considered?

Please provide additional thoughts and comments on this planning effort.
