FORT HANCOCK Request for Expressions of Interest

Thirty- Five (35) Historic Structures

The Fort Hancock 21st Century Federal Advisory
Committee and the National Park Service are pleased
to offer this unique opportunity to partner with the
National Park Service in redeveloping historic
structures in the Sandy Hook Unit of Gateway National
Recreation Area.

This Request for Expressions of Interest (RFEI) invites submission of concepts that would transform the use of historic buildings located at Fort Hancock.

Responses to this request may identify use of a single structure or contemplate the reuse of all thirty-seven buildings at the Fort. This is an unsurpassed opportunity to invest in Park resources that will reap substantial cultural, social and economic gain now and for future generations.
