Michael

I was asked to provide comments on appendix F in the draft dog walking plan. As you can see it was a while ago. I checked with AJ today to make sure that the comments were forwarded on to you and he can't remember whether he had sent them or not, so I thought I would do the honors. If you would like to talk about my comments I'm in the office the week of June 6, out the week of June 12, then back the rest of the month.

Hi Lee,

Attached (finally!) are responses to your initial comments on the GOGA SUP permit language. Some of our responses are in the comments, others in the text. You might delete comments that you feel are sufficiently answered, but leave in or add to those comments that still need work to address.

Thanks!

Shirwin

If you are going with the permit option, (b) (5)

I believe the maximum term of a CUA is 2 years, the maximum term of an SUP is 5 years.

If I have completely misunderstood, or thoroughly confused you please give me a call.

Hi Lee - based on our very useful conversation a couple of months back re: commercial dogwalking, I've edited a paragraph provided by our NEPA contractor to address the SUP option in the considered but dismissed portion of the draft EIS (also have para. on SRP and CUA). To make sure I haven't gone astray with my interpretation, would you mind reviewing this and commenting as needed, particularly the last sentence? I'd be

most appreciative. All input welcome!
