

Getting Married

Grand Canyon National Park offers a variety of indoor and outdoor locations for wedding ceremonies and receptions. To be married in the park, obtain an Arizona marriage license, acquire a Special Use Permit (SUP) from the park, and arrange a Justice of the Peace, Municipal Judge, or an ordained clergy to perform the ceremony. *We do not allow many things traditional weddings usually request: chairs, tables, flowers, amplified sound, balloons, signs, etc. at any location. Special Use Permits only allow the use of the permitted area. The permit does not provide for, or include, any services or amenities.*
