# PREFACE

---

Jefferson National Expansion Memorial was established by Executive Order 7253, signed by President Franklin D. Roosevelt on December 21, 1935. The park was created to commemorate St. Louis' role in the westward expansion of the United States, specifically mentioning the site as the location of “the Spanish Colonial office where, during the administration of Thomas Jefferson the Upper Louisiana Purchase was transferred to the United States; the Government House at which, on March 9, 1804, Capt. Amos Stoddard of the United States Army took formal possession of the Louisiana Purchase and raised the American flag; the old French Cathedral of St. Louis, earliest home of religion on the western bank of the Mississippi; the place where Laclede and Chouteau established the first civil government west of the Mississippi; the place where Lafayette was received by a grateful people; the places where the Santa Fe, the Oregon, and other trails originated; the place where Lewis and Clark prepared for their trip of discovery and exploration; and the Court House in which the Dred Scott case was tried.”

Jefferson National Expansion Memorial collects and preserves archival materials that document the exploration and settlement of the American West, and particularly the role of St. Louis as the Gateway to the West. These manuscripts and records are collected as an extension of the three dimensional holdings of Jefferson National Expansion Memorial, further explaining and describing the artifact collections, and perhaps supplanting them when objects are lacking or unavailable. The human dimensions of the park's holdings are strengthened through the acquisition of personal correspondence, diaries, journals, sketchbooks, and photograph albums. These materials, along with records that document the administrative history of the park, comprise valuable and irreplaceable reference sources for historians and other scholars.

The Jefferson National Expansion Memorial Archives was formally organized in 1988 to insure the protection of these unique collections, and to make them available to the public. A small reference library is also available, containing nearly 4000 titles on westward expansion, American Indians, St. Louis history, and the National Park Service. Researchers wishing to visit the Library and Archives are invited to email, call or write to make the necessary arrangements.

Thomas A. Bradley

# ACKNOWLEDGEMENTS

---

Jefferson National Expansion Memorial Archives is thankful for the financial support provided by the Jefferson National Parks Association. The preservation and processing of the *RU 119.07 Newspaper Clipping Collection: The Superintendency of Ivan D. Parker* would not have been possible without the generous financial contributions made by the Association.

The Archives would like to acknowledge the late Clarence Vogel and the late Gene Glasscock, longtime National Park Service volunteers, who helped to process the collection.

Jennifer R. Clark  
Archivist

# INTRODUCTION TO THE COLLECTION

---

Since the creation of the memorial, staff members of Jefferson National Expansion Memorial, (JNEM) have saved newspaper clippings related to the memorial, the riverfront, staff members, the National Park Service in St. Louis and other topics related to the memorial. In order to make the newspaper clippings collection finding aids a useable size and because the collection continues to grow, the archivist broke the collection into subsections divided into the terms of superintendents. This eighth section covers the administration of Ivan D. Parker, seventh superintendent of Jefferson National Expansion Memorial. (The first section includes the time before a superintendent was named.) The previous sections of the collection are:

- RU 119.00 Creation of the Memorial, September 1929-May 1936
- RU 119.01 The Superintendency of John L. Nagle, June 1936-November 15, 1940
- RU 119.02 The Superintendency of Julian C. Spotts, November 16, 1940-January 31, 1959
- RU 119.03 The Superintendency of George B. Hartzog, Jr., February 1, 1959-August 25, 1962
- RU 119.04 The Superintendency of H. Raymond Gregg, August 16, 1962-July 31, 1965
- RU 119.05 The Superintendency of LeRoy R. Brown, August 1, 1965-December 29, 1968
- RU 119.06 The Superintendency of Harry W. Pfanz, December 30, 1968-January 12, 1971

Ivan Parker was Superintendent of JNEM from January 1971 to February 1974. A native St. Louisan, he graduated from Washington University and the Missouri Institute of Law. He served in the Marine Corps. Before he became superintendent, he worked as a personnel director for the National Park Service in Washington, D.C.

Some of the notable events that took place in Parker's Superintendency include: a visit from Julie Eisenhower, the opening of the Arch movie theater, symphony concerts at the Arch, the completion of the grounds landscaping and the celebration of the four millionth visitor to the Arch.

In February 1974, the National Park Service offered Superintendent Parker a new assignment in Washington, D.C., but Parker decided to retire instead. Assistant Superintendent LeRoy Brown, who had returned to the memorial in that capacity just the month before from a brief retirement, became the memorial's acting superintendent.

(Historical information abridged from: Sharon A. Brown, *Jefferson National Expansion Memorial Administrative History, 1935-1981*. Jefferson National Expansion Memorial: June 1984.)

Information from this collection must be properly cited, whether used in publication or in other formats. In the case of this particular collection, the name of the publication should also be cited. The proper format for this collection is:

National Park Service  
Jefferson National Expansion Memorial Archives  
*RU 119.07 Newspaper Clipping Collection: The Superintendency of Ivan D. Parker*  
Box\_\_\_, Folder\_\_\_

Researchers are advised that before records, photographs, and any other unpublished materials from this collection can be published or exhibited, permission from the National Park Service must be obtained in writing.

# ARRANGEMENT

---

For the sake of ease in use of the finding aid and because this collection will continue to grow, the newspaper clipping collection is divided into sections by superintendent's tenure. Each section will begin on the day the new superintendent reported for duty. Because there occasionally was a gap between the departure of one superintendent and the arrival of the next, this will mean the section continues after the formal departure of the superintendent. This eighth section of the newspaper clippings collection covers the administration of the seventh superintendent of Jefferson National Expansion Memorial, Ivan Parker.

This collection of newspaper clippings is arranged in chronological order. The name of the article is listed, followed by the name of the publication in which it appeared. Some articles were found in the collection with no citation and no publication name is known, so none is listed. If the article includes an image, Jefferson National Expansion Memorial cannot give the rights to reproduce those images. The rights seeker will need to contact the original publication for permission to use images. Articles without a known specific date of the month of publication appear at the end of the month and articles without a known month of publication appear at the end of the year. Due to the idiosyncratic nature of capitalization in article titles from newspaper to newspaper, titles have been capitalized using the Associated Press standard for title case capitalization

Because the finding aids to this collection will be quite large, and because the topics are all quite similar and related, there is no index to this collection. Researchers wishing to conduct a word search on the finding aid may obtain the finding aid in document format from the website at <http://www.nps.gov/jeff/historyculture/archival-collections.htm> or contact the archivist for assistance.
