

JFK's Childhood to Presidency

Family pushed him.
Brother challenged him a lot...
Faced his sicknesses.

Jack saved a man's life.
Swam the ocean five long hours.
Got his crew rescued.

Jack's brother had died.
Dad turns to John. "President –
You will have to win."

Calm during crisis.
People scared of war starting –
Persuaded Russia.

Determined to win.
We want to touch the moon first.
Concerned with Russia.

John was determined.
Segregation must stop now.
Fairer laws were passed.
