

Highline Bolting Proposal Form

Contact Information

Name _____ Date _____

Address _____

Phone _____ Email _____

Highline Span Description

Describe your proposed highline span including the location of bolts. If replacing bolts, describe which bolts will be replaced on the existing route. Attach photos, maps, topos, and/or a copy of a guidebook page.

Justification

Why is this new highline span necessary? If replacing bolts, why do they need to be replaced?
