SPECIAL PARK CONDITIONS COMMERCIAL USE AUTHORIZATION

- 21.** This permit holder will notify Mojave National Preserve at least 24 hours before each entry into Mojave National Preserve. EMAIL CONTACT: moja_permits@nps.gov. TELEPHONE CONTACT: Matt Caire: 760-221-4740.
- 22.** The authorization holder must carry a copy of this authorization while conducting commercial services in Mojave National Preserve. This copy may be either hard copy (i.e., paper) or digital.
- 23.** This authorization is applicable for the use of the area(s) and terms designated herein. Activities allowed under this authorization are restricted to existing roads and trails within Mojave National Preserve that are open to public access.
- 24.** No employee of the National Park Service may conduct commercial services in Mojave National Preserve under this authorization. NPS employees may not work on matters involving a business in which they, their spouse, or their minor children have a financial authorization (NPS Management Policies 2006 10.2.8.3).
- 25.** _____ and its contractor(s) must orient themselves with the biology of tortoises, threats to tortoises, and tortoise-protective measures before arriving at Mojave National Preserve. Brief videos are available on the Internet – good examples include: Desert Tortoise 101 - Everything You Need To Know - YouTube and/or Video (U.S. National Park Service) ([nps.gov](https://www.nps.gov)).
- 26.** The permitted activities might be conducted at a time when the desert tortoise is active above ground (typically March 1 – October 31) or in areas that may disturb habitat. _____ or its contractor(s) must exercise care to prevent injury or death to tortoises and preserve their habitat. A threatened species and protected by state and federal laws, this reptile is susceptible to disturbance, vehicle strikes, human induced predation, and loss of habitat. Juvenile tortoises are especially vulnerable. Tortoises are active

throughout the day when temperatures are mild (mid 70sF - 90sF). They are often seen on or near paved road areas, particularly after rains. Participants in the activities approved in this authorization must be informed of and comply with the conditions in this authorization.

27. It is illegal to disturb a tortoise or its habitat. This includes handling, moving, or possessing a tortoise, and altering or destroying habitat.
28. Tortoises sometimes crawl under parked vehicles. Always check under vehicles, especially around the tires, before moving the vehicle if it has been parked longer than two minutes.
29. Motorized vehicles must remain on existing roads, designated routes, and vehicle ways. Vehicles will remain on established roads or parking areas. Vehicle operators must watch for tortoises on the road or road shoulder area. Vehicle operation off established roadways and parking outside designated parking areas are prohibited.
30. Speed limits must be strictly followed to allow time to respond if a tortoise is seen on the roadway. Generally, Mojave National Preserve's speed limits are 55 MPH on paved roads, 35 MPH on most graded-maintained roads, and likely slower on two-track roads. Vehicle operators must look for posted speed limits on roadways.
31. When vehicles travel in a group, each vehicle will be spaced far enough apart to ensure visibility of the road surface to avoid desert tortoises.
32. Secure, carry out, and properly dispose of food scraps. Scraps attract predators of desert tortoises, which can lead to greater predation pressures.
33. Permit-related tortoise injuries and/or deaths must be reported to Mojave National Preserve as soon as possible. Contact Matt Caire: matthew_caire@nps.gov or 760-221-4740.
34. No motorized vehicles may be operated in wilderness areas. No motorized equipment or mechanized transport, including vehicles, may be operated in wilderness. In general, wilderness begins: 100 feet to either side of the centerline of maintained roads (e.g., Kelbaker Road, Cedar Canyon Road, Black Canyon Road, Ivanpah Road, Morning Star Mine Road, Kelso Dunes Road, etc.); or •30 feet to either side of unmaintained roads.
35. Vehicles will use only existing roads or previously disturbed areas outside wilderness.
36. Wildlife, particularly animals with young and nesting birds, should not be harassed in any form.
37. Parking shall take place only on previously disturbed sites.
38. Vehicle parking must occur more than 200 yards from natural and constructed water sources.
39. Company drivers must follow speed limits and avoid objects on roads.
40. Permittee will ensure that no damage to vegetation or wildlife occurs. Vegetation in the Preserve may not be cut, trimmed, or moved. No disturbance of soil or mineral matter is allowed, including pounding stakes into the soil. All disturbances will be reported to the National Park Service for possible restoration.
41. Collection of plants, animals, or mineral specimens is prohibited. Destruction of vegetation or natural areas is not permitted.
42. No exotic plants or animals will be introduced into or left behind in Mojave National Preserve.
43. Permission for travel on or across private property must be obtained from the appropriate landowner.
44. Activities under this authorization will be conducted in accordance with the California Desert Protection Act of 1994 and comply with all State and Federal laws.
45. Collecting, defacing, or destroying historic or prehistoric artifacts is prohibited. Archeological historic structures and artifacts will be left undisturbed. Rubbings or other types of transfer of form of rock art is prohibited. Permittee will immediately bring to the attention of Mojave National Preserve any archeological resources encountered during commercial operations and maintain the integrity of such resources pending subsequent investigation. CONTACT: david_r_nichols@nps.gov. ALTERNATE CONTACT: 760-252-6145.

46. Discarding or spilling of any fuel or hazardous materials is prohibited. Any discharge or spill must be reported immediately. CONTACTS: (909) 356-3805, San Bernardino County Communications Center and 909-383-5651, Federal Interagency Communications Center. In case of emergency, call 9-1-1.
47. Areas that are visited will be left as if no one had been there. Garbage, including food materials, must be carried out and disposed of in a proper manner. Human waste must be disposed of properly in public toilets available in the Preserve (e.g., Kelso Depot Visitor Center, Kelso Dunes trailhead). Cigarette butts are litter; permittee will provide butt cans for disposal. Permittee is responsible for removing all trash.
48. Permittee will provide for basic first aid and initial transport at the standard first aid level. For other emergencies, Permittee will call 9-1-1.
49. No sales of promotional items or promotional filming of activities is authorized under this authorization.
50. Pets must be confined to or on a leash no longer than six feet in length.
51. ___ and its clients must read Mojave National Preserve's Leave No Trace worksheet (attached).
52. The Permittee agrees that the terms and conditions of the authorization will not establish a precedent for a future authorization at Mojave National Preserve or another unit of the National Park Service. Failure to follow the conditions of this authorization may result in revocation of this authorization and denial of future authorizations.
53. ***Other terms and conditions may apply.***

ATTACHMENT A CUA Insurance Requirements

Commercial General Liability (CGL) Insurance

Liability insurance is required for all CUA holders under the terms of the authorization. Such insurance should be of sufficient scope to cover all potential risks and in an amount to cover claims that can reasonably be expected in the event of serious injury or death. The minimum commercial general liability insurance is \$500,000.00. Liability insurance policies must name the United States of America as additional insured. The business or person that is providing the service must be the named insured (policy holder). Companies that provide transportation only are not required to have Commercial General Liability as long as the passengers do not disembark.

Other Required Insurance

Commercial Auto Liability Insurance is required if a CUA holder transports passengers or uses in the performance of the service in the park owned/leased/rented vehicles. If a CUA holder charters the vehicle and those chartered vehicles are owned and operated by another company, the CUA holder is not required to have Commercial Automobile Liability insurance. The minimum Commercial Auto Liability Insurance for *interstate* passenger transport is:

Commercial Vehicle Insurance – Passenger Transport (bodily injury and property damage)	Minimum per Occurrence Liability Limits*
15 or fewer passengers	\$1,500,000
16 or more passengers	\$5,000,000

The NPS has not established standard commercial automobile liability minimums for intrastate auto use by CUA holders because each state has unique rules and regulations. Intrastate CUA holders must meet individual state requirements for Commercial Automobile Liability Insurance or the interstate requirements above, whichever are greatest.

If the CUA applicant or holder will use rented or leased vehicles in performance of the authorized service, the applicant or holder must secure appropriate insurance for that rented or leased vehicle in the amount required by the CUA application. Proof of insurance secured directly from the rental or lease company may not be available upon application submission, but applicants are required to provide proof of insurance coverage after application submission upon NPS request.

Insurance Company Minimum Standards

The NPS has established the following minimum insurance **company** requirements. All insurance companies must meet the following minimum standards. These standards apply to foreign insurance companies as well as domestic companies.

1. All insurers for all coverages must be rated no lower than A- by the most recent edition of Best's Key Rating Guide (Property-Casualty edition), or similar insurance rating companies (Moody's, Standard and Poor's, or Fitch), unless otherwise authorized by the Service.
2. All insurers for all coverages must have Best's Financial Size Category of at least VII according to the most recent edition of Best's Key Rating Guide (Property-Casualty edition), or similar insurance rating companies (Moody's, Standard and Poor's, or Fitch), unless otherwise authorized by the Service
3. The insurance ratings must be submitted with the CUA Application. The rating companies do not issue certificates. We require the insurance broker to note this rating in the Certificate. If the rating does not appear on the certificate, the insurance broker must provide it in another document.

Proof of Insurance Submission

Applicants must submit proof of insurance with the CUA Application. The proof of insurance must:

- Be written in English with monetary amounts reflected in USD.
- Reflect that insurance coverage is effective at time of CUA Application submission.
- Name as insured the business or person that is providing the service.
- Name the United States as additional insured.
- Reflect a General Commercial Liability Policy with the minimum coverage amount required in the CUA Application.
- Reflect required additional insurances (commercial vehicle, vessel, aircraft, etc.) with the minimum coverage amount required in the CUA Application.
- Include insurance provider rating or provide in separate document.
