

**I can get ready to go to
Mount Rainier National Park.**

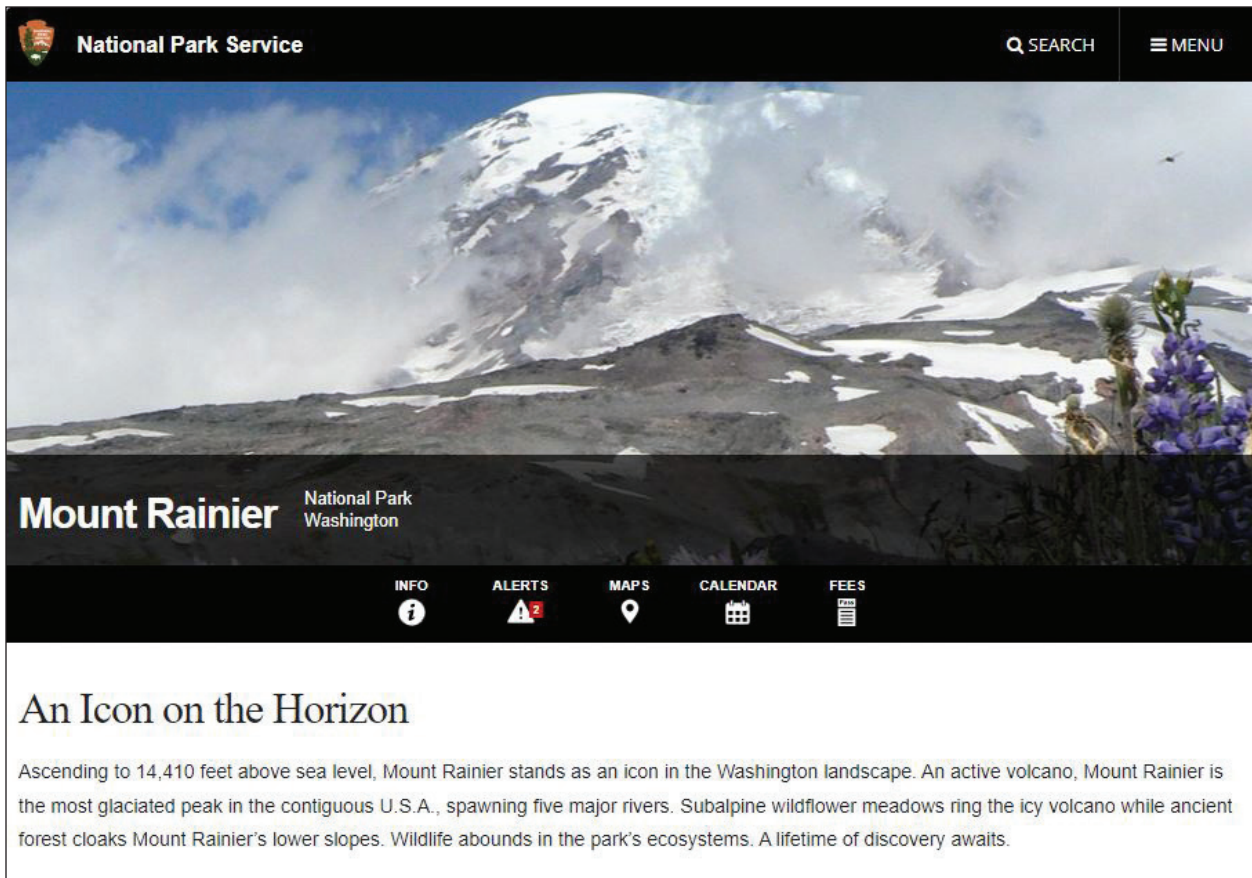

nps.gov/mora

I can help pack to get ready to go to the park.

I can bring water,
a snack, and sunglasses.
I can bring a hat
and sunscreen.

Maybe I will bring a book
or game for the car ride.

Before I go, I can look at the [park website](#).

There are photos and descriptions of places I can visit, like visitor centers and hiking trails.

There are photos of animals that I might see at the park.

It might be a long drive to get to the park. I will see trees along the way.

We might see the mountain as we drive along the road.

At the entrance to the park, there might be a line of cars waiting to get in. We might have to wait in the line.

I might get tired of waiting. I can read my book or play my game. I can look out the window at the trees.

It's exciting to reach the entrance gate!

We will show our pass to the ranger to get in the park, or buy a pass at the gate.

The ranger will give us a map of the park.

I can look at the map to see the different parts of the park.

It will be interesting
to get inside the park.

I might see birds
or squirrels. I might
see a marmot
along the road.

If it is sunny, I might be able to see Mount Rainier. It will have snow on it.

If it's cloudy, I might not be able to see Mount Rainier. The mountain will still be there behind the clouds.

**I am ready to go to
Mount Rainier National Park.**
