

Alternative B focuses on an inclusive national civic space for events, public gatherings, and high-use levels. The general location, extent, and types of major ideas are shown for planning purposes. However, a preferred alternative must fulfill multiple park purposes — preserving park historic resources, providing a national civic stage or forum, and offering public enjoyment (recreation and celebration). Ideas about what you like about this alternative will be helpful in developing a preferred alternative.

Primary Event Areas

NEW OR CHANGED FACILITIES		CIRCULATION CHANGES	
X	EXISTING FACILITIES REMOVED	[Blue outline]	NATIONAL MALL PLAN LIMITS
