

Artist-in-Residence Program

Information

Accommodations

Each selected artist will reside in a fully furnished RV with all linens and cookware provided. Food, towels, art supplies, and any personal amenities will need to be provided directly by the artist. The RV will be located near mile marker 5 on South Beach at Padre Island National Seashore. The waves will be mere footsteps away. Artist must be comfortable with dry camping (no electrical hookups). Water tanks to store freshwater and wastewater will be provided and serviced daily by park staff. Cell phone reception will be limited and there will be no internet available.

Interviews and Social Media

During daily water servicing, park staff will conduct taped interviews with the artist. Staff will also take photos of the artist at work. These will be posted to the park's social media accounts to increase awareness of the program and promote the artist's work.

Calendar

There will be three residencies available in October. They will occur from October 16-19, 19-22, and 22-25. Artist will arrive at the Malaquite Visitor Center to check in at 3pm on their first day and check out by 10am on their last day. Applicants may select their first, second, and third choice of dates. Preference will be taken into account, but top choice cannot be guaranteed.

Hurricane Preparedness

As October falls at the end of hurricane season, artists should be aware that this program may need to be cancelled on short notice. No expenses can be reimbursed if this should occur.

Journal Entry

At the end of the residency, artists are asked to turn in a brief summary of thoughts and experiences that occurred during their time on the island. This summary will be featured at the exhibition as well as park publications.

Exhibition & Donated Work

After the residencies are completed, artists will have 6 months to create an electronic portfolio. This portfolio shall be used by the park only for interpretive and education purposes, or to promote the Artist in Residence Program in the future. Artists will also have those 6 months to donate one piece of original work inspired during the residency to the park. The artist is required to provide the copyright for this piece to Padre Island

National Seashore. The artist will retain a royalty-free, non-exclusive use license under the copyright of the art. When the artist reproduces the artwork for their purposes, publication language will include the following: "This artwork was produced under the Artist-in-Residence Program at Padre Island National Seashore." After the completion of all artists' works, an exhibition will be held to honor all that was accomplished over the duration of residencies and allow the public to view the works in a formal setting.

Transportation

Artists will have to arrange their own transportation to Padre Island National Seashore. Once they check in at the Malaquite Visitor Center, park staff will drive them to the RV and pick them up at the completion of their residency.

Additional Information

- Candidates should be in good physical condition and comfortable with dry camping. They should be aware of insects and other naturally occurring flora and fauna.
- No stipend is provided. All grocery shopping needs to be done before arriving at Padre Island National Seashore. Housing is offered free of charge.
- Smoking is prohibited inside the RV.
- Artist may bring one guest to accompany them. There are no pets allowed.
- Artist must agree to comply with all National Park Service rules and regulations.
