### Talks

#### **Critter Chat**

Bears, deer, and other wildlife abound in the Oak Woodlands of the Sequoia Foothills. Get to know some of the creatures that live in the most diverse ecosystem in California. Meet at the flagpole at the Foothills Visitor Center for a 20 minute chat.

### Activities

#### **Investigation Station**

Have you ever wanted to pet a bear hide, touch a snake skin or feel Sequoia cones? If so, drop by the Foothills Visitor Center between 2:30 and 3:30 pm to investigate the plants and animals of Sequoia.

### Walks

#### **Birds in Flight**

Join Ranger Dani Cessna to learn more about where birds live and why they chose to call these places home. This program will include a small talk followed by hands-on birding guided by the ranger. Bring warm clothes, a pencil, and notepad. Binoculars will be provided, but feel free to bring your own if you have them.
