

Wilderness Speaks

*Celebrate the 50th Anniversary of the
Wilderness Act of 1964*

on

*June 13, 7:00 pm
Three Rivers Arts Center*

Writer, editor, and poet Ed Zahniser offers an unusual perspective on this landmark public-land law — he was growing up as his father was hammering out over sixty revisions of the legislation between 1956 and 1964. Howard Zahniser died just before President Johnson signed the National Wilderness Preservation System Act into law. Join us at the Arts Center on North Fork Road to hear Ed's personal insights into the Wilderness Act and its author.

*This free public event is sponsored by the
Sequoia Natural History Association*
