Delaware, Lackawanna and Western Railroad, Electric Passenger Trailer #681.
C0681, 81537

Electric Passenger Trailer, #681 and #705. Class: ET. Builder: Pullman Car and Manufacturing Company, #681 in 1917 and #705 in 1920. DL&W had American Car and Foundry rebuild the cars into electric trailer coaches in 1930. #618 renumbered to 2333 and retained this number until NJ Transit assigned #4333 to the car. #705 became 2357 until renumbered to 4357 on NJ Transit. Revenue history the same as others in the ET class. Acquired from New Jersey Transit Authority in 1985 by Steamtown Foundation.
