ARMY CORRESPONDENCE.

From the Forty-First Regiment.

BATTLE FIELD NEAR MURFREESBORO, TENN.,
January 6th, 1863.

Ed. Register: To inform those of Mahoning county who have friends in the 41st, of their misfortunes during the late battle at this place, is my intention at this time. To give a correct account of the whole affair, I will commence at the time when we left camp near Nashville.

We started from camp on the 26th of last month, and after going about ten miles, skirmishing was commenced with the enemy by our advance-guard. A few pieces of artillery were taken to the front, and after a few shots, which were answered occasionally by their guns, we kept on, going about ten miles a day, with skirmishing in front almost all the time.

Sabbath, the 28th, a line of battle was formed and pickets put out. Here we remained until Monday morning, when we again set out, going slowly and cautiously. On the 30th we were in line of battle, about three miles from Murfreesboro. Very heavy cannonading was kept up almost all day by both sides. During the night we lay with all our accoutrements on, ready to get into line at a minute's notice, and within gunshot of the rebel pickets.

On the morning of the 31st, they attempted to drive back our right, which they almost succeeded in doing. After they had driven our line back on the right, they came up in front of us in good line, making a splendid military appearance. Our regiment was about to go to support the right, when this line came in sight. We were then ordered to lie down and fire.—After firing thus about forty minutes, we were relieved by the 9th Indiana. After we fell back and were supplied with more ammunition, I received a shot in my neck, and cannot give any further account of the movements of our regiment after that. Luckily for me, the ball was so nearly spent it did not penetrate my neck at all. I thought it touched a very tender spot, though.

During this time we were under a tremendous fire, as a list of the killed and wounded will clearly show. Our regiment's loss is 13 killed; 107 wounded and a few missing. The killed of our company, (part of which is from Mahoning,) are S. Kidwel and Joseph Parish. The wounded are:

S. J. Ewing, gunshot wound in side of face.
Wm. Iry, " " calf of right leg.
J. Hunt, " " " thigh.
C. Edney, " " " "
D. Akins, " " " hand, and bruised with a shell.
Peter Lawrence, gunshot wound in shoulder.
H. Older, bruised on the back with a shell.
G. Webb, struck with piece of shell in left hand.

None of these, to the best of my knowledge, are dangerously hurt. The slaughter on both sides is very great. Our men fought bravely. During the engagement on the evening of the 2nd, in which our regiment bore a part, Geo. Webb was wounded in his hand. The enemy commenced evacuating Murfreesboro the same night. Where they have gone to I have not yet learned.

12 Killed and 106 Wounded in the 41st Regiment.

Eleven Wayne County Boys Wounded.

BATTLE FIELD IN FRONT OF
MURFREESBORO, Jan. 1, 1863.

AUNT—We have had another terrible battle. Yesterday our regiment was engaged nearly all day. I have not been touched yet. Though many of my brave company fell, I am yet safe. I was in command of company C. None were killed on the field. Eleven were wounded and 8 missing. Tom McGonagle has since died.—I had 39 men when I went into the action.

The regiment lost in killed 12, wounded 106. The battle has been in progress three days. It commenced on the 30th. The right wing and center of our army were principally engaged. Yesterday, the 31st, the whole line was engaged. The battle was furious. To-day, new years, there has been comparatively little fighting, though cannonading was kept up all day. I cannot guess what the result will be. To-day we were back in reserve—to-morrow we may be in front again. I can only trust in God for my safety and the success of our army.

Yours in hope, S. B. A.

STILL LATER.

BATTLE FIELD IN FRONT OF
MURFREESBORO, Jan. 4, 1863.

AUNT—We are lying back in the rear this evening, and I will write you a few lines hoping to find some chance to send them before long.

There has been no fighting to-day, being Sunday I suppose is the reason. Details have been sent out to bury the dead that have not already been interred by some of their friend. I wrote to you of our engagement on Wednesday, day before new years. Fighting has been kept up ever since until to-day. On Thursday was principally cannonading. Our left wing was not engaged at least with that exception. On Friday there was a good deal of skirmishing along the line, and also cannonading. In the afternoon the firing became louder and louder in our front, of the line. Our Division belongs to the left wing. About three o'clock in the afternoon [illegible]

within five miles of us, but he did not come, and since learn that he has been badly whipped and is trying to get out of the State.

Our regiment is enjoying good health. The weather is pleasant, we have had no snow since the 26th of October, to amount to much.

Several of our officers have resigned.—Among whom are our Lieutenant Colonel, Major, Chaplain, Surgeon, one Captain and one Lieutenant. One of our assistant Surgeons will also leave soon on account of ill health. I will not give the reason for all these resignations, as it might be pronounced contraband. We will perhaps remain here a few days, but I think our movement depends upon the result of the great battle now raging at Murfreesboro Tennessee. Any mail matter for the regiment may be directed to Lexington, to follow the regiment or sent directly to Danville. Send the Republican to your friend,

WM. M. JOHNSTON,
Lieut. in Company A.

P. S. Since writing the above, we have received orders to march on Monday morning at 7 A. M. We are going South. Do not direct anyletters to Danville. I think they should go to Lexington to follow the regiment, W. M. J.

THE HEALTH AND LIFE OF WOMAN

Is continually in peril if she is mad enough to neglect or maltreat those sexual irregularities to which two-thirds of her sex are more or less subject.

DR. CHEESEMAN'S PILLS, prepared from the same formula which the inventor, CORNELIUS L. CHEESEMAN, M. D., of New York, has for twenty years used successfully in an extended private practice—immediately relieve without pain, all disturbance of the periodical discharge, whether arising from relaxation or suppression. They act like a charm in removing the pains that accompany difficult or immoderate menstruation, and are the only safe and reliable remedy for Flushes, Sick Head ache, Pains in the Loins, Back and Sides, Palpitation of the Heart, Nervous Tremors, Hysterics, Spasms, Broken Sleep, and other unpleasant and dangerous effects of an unnatural condition of the sexual functions. In the worst cases of *Fluor Albus* or Whites, they effect a speedy cure.

TO WIVES AND MATRONS.

Dr. Cheeseman's Pills are offered as the only safe means of renewing uninterrupted menstruation, but

LADIES MUST BEAR IN MIND

That *on that very account*, if taken when the interruption arises from natural causes, they will inevitably prevent the expected events. This CAUTION IS ABSOLUTELY NECESSARY, for such is the tendency of the Pills to restore the original functions of the sexual organization, that they inevitably arrest the process of gestation.

Explicit directions, stating when and when they should not be used, with each Box,—the Price One Dollar each Box, containg from 40 to 50 Pills.
