Affidavit of Louis Gephart

22 April 1889 GENERAL AFFIDAVIT

from Louis Gephart [who in September 1891 did not remember anything in regard to the injuries or wounds of Andrew Gstach.]

State of Ohio, County of Montgomery: In the matter of Claim for pension of Andrew Gstach.

Louis Gephart aged 62 years, a resident of National Military Home in the County of Montgomery and State of Ohio.

Well known to me to be reputable and entitled to credit, and who being duly sworn, declared in relation to aforesaid case as follows:

That he remembers distinctly that the above mentioned soldier with whom he served during the late war in the same company and regiment - became disabled during their terms of service as follows: During the battle of Stone [sic] River, Tenn. and on the first day of January 1863 the above named soldier was wounded by a piece of a shell in the right leg, so that he was unable to do any duty for about 14 days afterwards.

Also: During the battle of Chickamauga Tenn. On the 26th day of November 1863 and during discharging the guns, a piece of a cap struck the Claimants [sic] left eye and injured the same very badly. That Affidavit would also state that the said Andrew Gstach had been a very strong-sound and able bodied man at the date of enlistment and was especially free from any disease or injury of his eyes; That shortly after the piece of cap had struck the Claimants [sic] left eye, the same became sore and much inflamed and that the sight of same became gradually more and more impaired, so that he was hardly able to see anything with same at date of his discharge from the service on or about Dec. 3 1864. That Affidavit would further state that he has seen the Claimant frequently after their discharge from the service and until about in the year 1867 at and in the city of Cincinnati, Ohio. Sometimes weekly and monthly and that he has always found him then in a worse condition, his eye-lid being nearly closed up, so that he was not able to see anything at last.

Affidavit of John Probasco

22 April 1889 GENERAL AFFIDAVIT

of John Probasco [who in September 1891 did not remember the name of the man.]

State of Ohio, County of Montgomery: In the matter of Claim for pension of Andrew Gstach.

John Probasco aged 71 years, a resident of National Military Home in the County of Montgomery and State of Ohio.

Well known to me to be reputable and entitled to credit, and who being duly sworn, declared in relation to aforesaid case as follows:

That he has served with the above named Claimant in the same company and regiment and that he was well acquainted with him during their form of service. That the said Andrew Gstach was at date of his enlistment a strong-sound and able bodied man and remained so until about the first of January 1863 when he was wounded during the battle of Stone [sic] River, Tenn. Jan 1, 1863 by a piece of a shell in the right leg. That

Affidavit remembers also distinctly that the said Andrew Gstach was badly injured of left eye by a piece of a cap while engaged in the battle of Chickamauga, Tenn. November 26 1863. That the Affidavit remembers the above stated facts very plainly for the reason, that he was present when said Claimant was wounded and injured as above described.

That Affidavit remembers also that the Claimant sight of left eye became worse from time to time so that he could not re-enlist as a Veteran in the same organization.

Letter written by Andrew Gstach to the Commission of Pensions

Louisville, Ky. Aug 18, 1890

Hon. Commissioner of Pensions

Washington, D.C.

Dear Sir:

I was a volunteer in the late war, and served 3 years 2 months. In the beginning I served in Buells' [sic] army at Corinth [Mississippi]. We had gotten orders to join Grant's army but could not do so in as much as Grant had been repulsed before, but after 3 days and 2 nights march joined him at Savannah at the evening about 8 o'clock and in a short time after our arrival we returned Grants [sic] repulse near the river and now the battle having brought to him about 50,000 new. We came there from the point about 15 miles above Savannah. At that town on our march to that city with out rations as provisions for about 3 days at least.

During the battle of Shiloh a fight of about 3 or 4 days without rations n [sic] provisions. After the fight was [won] we had to follow the rebels to Chattanooga, on this road to Louisville which they came near taking.

The second battle we had was Stone [sic] River in January and staid [sic] there 3 days in December where rebels made a charge on us and broke the lines on the night of McCook's and the fight lasted about 4 days. From the last charge of the rebel army at Stone [sic] River we defeated them and they retreated to Atlanta and followed the rebels to the Tennessee River. The rebel army to Chattanooga but our division was ordered to forty miles below Chattanooga. To cut the rebels off from munitions then the rebels had to fall back to Chattanooga to reinforce them selves.

We faced the rebels before we got across the river. We crossed the river and two mountains in cause to the Raccoon Mountain and had a two days hard battle with them. Longstreet came with 20,000 men from Virginia in front of our Battery we in facing the Rebel army and defeated us and had to be reinforced in order to save us.

We had then to go to Atlanta: From the battle of Chattanooga we had to follow the rebels to Atlanta a long distance soon we brought the battle to a close. By General Sherman going behind the town shelling the place and cutting off all the efforts the rebels from any help about 10 miles we cut off all communications with them.

Our army fought the battle in the United States [illegible] by degrees. I ask the government of the Country for a pension which they do not design to grant.

I am almost totally blind and troubled with a shell wound in my right foot owing to my army service. I have given a description why I am entitled to a pension now if grant it all might but all I had said had been and can be proved and Justice demands that my claim be formally considered.

I have been living in the Country but I am not living 331 Washington St. bet. Floyd and Preston.

Hoping to hear from you soon

I am yours very truly,

Andrew Gstach

Additional Evidence

23 August 1912 ADDITIONAL EVIDENCE

Annie Stone aged 52 years and whose post-office address is 2025 Lytle St. Louisville, Ky.

I have been acquainted with Andrew Gestach now known as Henry Stack in the year 1784. I knew that his correct name was Andrew Henry Gestach and at the time he was called "Stack" by his fellow workmen. He spoke broken English and accented the last syllable of his name so distinctly that it came to be pronounced Stack and as it was apparently easier and more pleasant he dropped the first syllable of his name. He married Mary O'Rourke in my presence and gave his name Henry Stack: Her mother wanted the name corrected but the matter was dropped and the name Stack was kept as their correct name.

Daniel O'Connell aged 61 years and whose post-office is 1727 Duncan St. Louisville, Ky.

I became acquainted with Andrew Gestach about the year 1872 in Henry County, Kentucky he was then a single man I know that he gave his correct name as Gestach but was called Stack he then spoke broken English; and persons speaking the English language did not always get the Correct pronunciation of the name so he was called Stack. I know that the same Andrew Gestack married Mary O'Rourke in Louisville Ky. and they are now and have been married since there [sic] marriage living as husband and wife and are known by the name of Stack. I know that the said Henry Stack draws Pension as Andrew Gestack and the way he speaks his name the Ge is almost silent. I worked with him at one place and his name was recorded Stick and he did not correct it and he was called Stick which he never corrected these he seems [illegible] less to have his name [illegible] called.

Additional Evidence

11 February 1913 ADDITIONAL EVIDENCE

Annie Stone aged 52 years, and whose post office address is No 2035 Lytle Street, Louisville, KY.

I have known the Claimant Mary Stack all of her life. She was not married prior to her marriage to Henry A. Stack. I saw them married, and know that the Henry Stack named in their marriage certificate and the Andrew Gestack that was pensioned on certificate No. 339633 and known as Henry A. Stack was one and the same person, he did not speak the English language plainly, and never took pains to either give his name correctly or to correct others in speaking his name, in fact did not seem to care what he was called. I know that they lived together as husband and wife from the date of their marriage until his death and never divorced. I became acquainted with Henry A. Stack about the year 1874 or 1875, and knew him well until his death, his wife is my sister, we lived in the same house, and from this knowledge of him state that when he was

discharged from the United States Service he went to work on farms in Kentucky, and was employed as a Dairyman, he worked in Woodford and Oldham Counties, and after they were married they went back to Oldham County where he had formerly worked for some time, I am sure that if he had been previously married I should have known or heard of it therefore state that he was not previously married.

Daniel O'Connell aged 62 years, and whose post-office address is 3031 Portland Ave, Louisville KY.

I became acquainted with Henry A. Stack in the year 1873 in Henry County, Kentucky he was working in the Neighborhood as a farm hand and dairy man, I know that he was then called Gestack and also called Stack he was called Henry, by his employers, he was a man that was really difficult to understand, in talking, he spoke indistinctly, when he said Gestack he sounded the last syllable with the broad A from my intimate acquaintance with the man from 1873 until his death, frequently working with him, I am sure that he was not married prior to his marring the claimant, he was not a man to have concealed a marriage, and if he had been previously married he would I believe have told me, he was a temperate man and a man of good character, he was one of these quiet inoffensive man that took but little interest in other people, went ahead and attended to his own affairs, he and the claimant were never divorced but lived together as husband and wife from the date of their marriage until his death, I did not know the claimant before she was married but from my later acquaintance with her and her own family I am sure she was not married prior to her marriage to Henry A. Stack.

Board of Review

15 April 1913 BOARD OF REVIEW

Claimant Mary widow of Andreas [sic] Gestach known as Henry Stack

Respectfully, returned to the chief of the Army and Navy Division for reference to the Chief of the Special Examination Division with a view to determine the identify of the claim and husband as the soldier of record and whether he was ever married prior to his marriage to the claimant April 30 1876 at which time according to his own allegations he was past 41 years old.

The explanation furnished as to change of soldiers [sic] name from Andrew Gestach to Henry Stack seems reasonable and would be readily accepted but for the fact that he was married to the claimant under the name of 'Stack' as shown by copy of public record and of church record.

This fact in connection with the eye of the soldier and the fact that none of the witnesses every heard of him before 1873 wonder seems to warrant the reference for special examination as [illegible] gestesh [sic] herein Order 12 Par 5 to be absent and a list of comrades shown accompanying papers.

Claimant Widow

Soldier Andrew Gestach afterward Henry A. Stack

Respectfully, returned to Wm. Harrington Rev Capt. Cases Section Proposed refinance for special examination not covered in the explanation made by soldier during his life time relative to his change of name seems to me quite satisfactory. There is no doubt in my mind as to his identify with the soldier of record. The War Dept. report dated July 11 1898 shows he was involved in his first serve as Stack. I agree with the examiner that claim is ready for allowance.

Letter to Veteran's Administration

3 February 1931 Letter to Veterans [sic] Administration from Sallie T. Duke

Gentlemen;

In reply to your letter of January 7th, reference to the above correspondence, I wish to say the deceased (Mary Stack) boarded these two sons, Chas and William she in turn would use a part of this money to pay her insurance. It would be impossible for them to determine the amount of insurance that was paid by each of them. It is the opinion or judgment of the writer, that when these sons paid their board to their mother, and she out of this money paid her insurance, they (these sons) did not meet this insurance; however, Mr. Chas. A. Stack, meet all the expenses in the last illness and death of his mother; all these receipted bills were mailed to you (registered) which I believe is proof that Chas. A. Stack is entitled to what might be due his mother.

Trusting that this may help and that Mr. Chas. Stack will hear from you at an early date,
