Camp on the battle field near Murpneysboro [sic] Jan 5th 1863

Dear Sister, it is with pleasure that I take my pencil in hand to inform you how I am getting along I am well and hearty at present hoping these few lines will find you enjoying the same state of good health I suppose you have heard of the big battle that has just been fought our Regt was in the fight and had many killed and wounded I

come through safe all only there was a bum shell busted a piece flew through and [illegible] taring [sic] my briches [sic] leg half off it only scached [sic] the scin [sic] a little if it had hit my leg center it would of [sic] taken it off

we [sic] started from Nashville on the 26th of December and found the Enemy at Leavern [sic] (La Vergne) about 8 miles from Nashville our Regt was in the rear that day our advance drove the Secesh all that day and on the 27th. the [sic] 28th was Sunday we did not do anything that day on the 29th it was our turn to go in the advance our Company and Company D deployed out as scirmishes [sic] and drove them all that day we would shoot at them at every chance they had canon [sic] and Shoot shells and grape shot at us. when [sic] they got at Murpheysboro [sic] they made their stand. on [sic] the 30th the pickets was fighting all day and canonading [sic] on both sides. on [sic] the 31st the Secesh formed allmost [sic] there [sic] whole force on our right and made a tremendous dash on our men driving them back for about a mile our Regt was in the thickest of it but they were checked up and our men drove them back to where they started from there was a great many killed and wounded on both sides one man killed in our company several wounded George Hazzard was wounded in the hip we had 22 killed in our Regt we had 197 killed wounded and missing they go so close to our Regt that they cut it in two drove one part one way and the other another way its [sic] a wonder they did not kill half the men in the Regt our Regt rallied again and went in to the Secesh again that evening we had two Captains killed and Major Kinley wounded. On the first of January the pickets was fighting all that day on the second there was heavy canonading [sic] all along the lines on both sides the shells flew in every direction on that evening the Secesh formed allmost [sic] their whole force on our left which was the weakest point they made another dash on our men they drove a whole Division of our back they come to our brigade and we checked them and drove them back we more than Slayed them that time on the 3th [sic] our pickets was fighting all that day on the 4th news came that the Secesh had left

I received a letter from Mother on the Sunday before we left Nashville she said she was going to Middletown to stay a few days if she aint [sic] there by the time this letter reaches you I wish you would write to her and tell her I come through the fight safe.

[Henry wrote to the bottom of the page and had no room to sign his name]

Note: George Hazzard is mentioned as being wounded in the hip. After the war he returned to New Castle and wrote Hazzard's History of Henry County Indiana 1822-1906.]

[Note: Henry's usage of inst after the 1st. You will continue to see this same abbreviation in letters to follow. It is not something he invented, but rather an abbreviation of "instant". The 1st inst means the 1st day of the present of month. Abbreviations such as inst. (of the current month) and ult. (of last month) are no longer considered good form in business correspondence, according to the dictionary.]
