

Appendix 5: PPE Waiver or Park Aviation Level Exception to Policy, Regional Director Approval

PPE waiver requests must provide a justification of why the overall risk is lowered by using alternative PPE as compared to the ALSE standard.

If a park, utilizing the matrix in Appendix 11, scores above the threshold of a Level 1 park, the Regional Director can consider approving an exception to policy to utilize a non-collateral duty PAM.

Note: For purposes of USPP, the Icon Protection Branch Commander will sign the Superintendent block and the USPP Chief of Police will sign the Regional Director block.
