**Proposal to Operate Lodging, Food and Beverage, Retail,  
Campground, Rentals, Firewood, and Other Services**

### PROPOSAL SUBMISSION TERMS & CONDITIONS

- (1) The Offeror's Transmittal Letter set forth below indicates your acceptance of the terms and conditions of the concession opportunity as set forth in this Prospectus. It indicates your intention to comply with the terms and conditions of the Contract. **The letter, submitted without alteration, must bear original signatures.** The National Park Service (Service) will review the entire Proposal Package to determine whether your proposal in fact accepts without condition the terms and conditions of this Prospectus. If it does not accept without condition the terms and conditions of this Prospectus, your proposal may be considered non-responsive, even if you submitted an unconditional Offeror's Transmittal Letter.
- (2) The Proposal Package is drafted upon the assumption that an Offeror is the same legal entity that will execute the new concession Contract as the Concessioner. If the entity that is to be the Concessioner is not in existence as of the time of submission of a proposal, or the Offeror was formed recently and has no financial or operating history, the proposal must demonstrate that the individual(s) or entity(ies) (hereinafter Offeror-Guarantor(s)) that intends to establish the entity that will become the Concessioner has the ability and is legally obliged to cause the entity to be financially and managerially capable of carrying out the terms of the Contract. In addition, the Offeror-Guarantor must unconditionally state and guarantee in its proposal that the Offeror-Guarantor will provide the Concessioner with all funding, management, and other resources that the Draft Contract requires, and the proposal offers.

If the Offeror is unable to certify one or more of the items above, it may sign this transmittal letter and, together with this transmittal letter, must submit detailed information explaining why it is unable to certify the item(s). The information the Offeror must submit includes a description of every incident that prevents the Offeror from certifying the item(s); the current status of each incident; and, if resolved, how each incident was resolved. ## SELECTION FACTORS

### Response Format

- (1) Please number each page and section in your completed proposal. Add information to your proposal only to the extent that it is necessary and relevant to respond to the selection factor. Each page should have a heading identifying the selection factor and subfactor to which the information contained on the page responds. It is important that your response stays within the organizational framework in the Proposal Package and provides all relevant information directly in response to each selection factor. The Service may consider relevant information contained elsewhere in a proposal in assessing the proposal's response to each particular selection factor.
- (2) The evaluation panel will only take firm commitments into account when evaluating proposals. Responses that include terms such as "look into," "research," "may," "if feasible," and similar terms are not considered as firm commitments. In addition, the Service considers responses that include a specific time for commitment implementation as a stronger response. For example, "XXX commits to provide recycling containers in each lodging room by December of 2027."
- (3) Where page limits are set out in the Proposal Package, the Service will not review or consider the information on any pages that exceed the page limitations stated, including attachments, appendices, or other additional materials the Offeror submits. The Service would like to see clear and concise answers. A longer answer will not necessarily be considered a better answer.
- (4) The Service considers text on two sides of one sheet of paper as two pages.
- (5) Offerors must use letter-size paper unless a subfactor asks for schematics or drawings, in which case Offerors may use legal or ledger-size paper for the schematics or drawings. Offerors must use 11- or 12-point font for all text within the proposal, including all tables, charts, graphs, and provided forms. The Service will accept images of sample material with smaller fonts.
- (6) Page margins must be 1 inch. Page numbers and identifications of confidential information may appear within the margins.

### NOTICE TO OFFERORS

The Service will consider proposals for non-leasehold-surrender-interest (LSI)-generating improvements or additions to Concession Facilities (as defined in the Draft Contract), and proposals for improvements or additions to, furnishings, employee and visitor amenities, and other Concessioner-owned personal property.

The Service will not consider proposals for new construction or major rehabilitation unless the new construction or major rehabilitation is either a necessary part of the required Concession Facilities Improvement Program (CFIP), or the Offeror voluntarily proposes and agrees to waive its rights to LSI associated with the new construction or major rehabilitation.

The Service may consider proposals that describe detailed Offeror commitments that enhance the CFIP as defined in the Draft Contract but will not consider proposed alterations to the scope of the CFIP as defined in the Draft Contract. The Service will consider proposals that assume LSI in proposed fixture replacement(s) (for a current list of LSI fixtures see: LSI Fixture Table (nps.gov)).

In Principal Selection Factor 4, you need to include any investments required to realize the strategies outlined in response to the selection factors.

**PRINCIPAL SELECTION FACTOR 1. THE RESPONSIVENESS OF THE PROPOSAL TO THE OBJECTIVES, AS DESCRIBED IN THE PROSPECTUS, OF PROTECTING, CONSERVING, AND PRESERVING RESOURCES OF THE PARK. (0-5 POINTS)**

**Service Objectives:** *The Service's objective for this factor includes ensuring the Concessioner's activities are consistent with the preservation and maintenance goals of Olympic National Park and the National Park Service. The Service is seeking an operation that demonstrates understanding and compliance with industry best practices for facility preservation and maintenance of historic and non-historic facilities and landscapes and the implementation of the required Concession Facilities Improvement Program (CFIP).*

**Preservation and Maintenance of Structures and Historic Landscapes**

The Draft Contract requires the operation and maintenance of several historic and non-historic structures at Lake Crescent, Log Cabin, and Fairholme, as well as historic landscapes. The historic structures in the Lake Crescent area include the main Lake Crescent Lodge building (FMSS 82178) and the Roosevelt Cabins (FMSS 82179-82181). Additionally, the Marymere (FMSS 82191-82192) and Storm King (FMSS 82193) motel buildings within the Lake Crescent Lodge area are all contributing elements to the historic district. The A-Frame Chalets (FMSS 82024-82025) in the Log Cabin Resort area are contributing elements to the A-Frame Chalet Historic District. The landscape in the Lake Crescent Lodge area (FMSS 82208) is a certified Cultural Landscape. The Concessioner must treat and maintain all identified contributing elements as if they are historic.

Using **no more than four (4) pages**, including all text, pictures, graphs, etc.

- (1) Provide two (2) examples of your experience maintaining facilities or landscapes. One example must include the maintenance of historic properties. Describe how you will apply your experience to the facilities and landscapes assigned under the Draft Contract.

*Note: if the Offeror is not yet in existence, the Offeror was formed recently and has no experience, or the Offeror relies on the experience of a related entity, such as its parent company or a subsidiary of its parent company, explain how such experience will carry over to the Offeror entity directly and how that entity's experience will benefit the Offeror's operations.*

- (2) Describe how you will provide the subject matter expertise necessary to plan and manage for the preservation and maintenance of the assigned historic and non-historic facilities and describe how you will ensure that staff and contractors are knowledgeable of historic structures and the application of the Secretary's standards.
- (3) Describe how you will provide the subject matter expertise necessary to successfully manage the historic and non-historic landscapes at Lake Crescent Lodge and Log Cabin Resort by maintaining native plants and mitigating erosion along the lakeshore.

**PRINCIPAL SELECTION FACTOR 2. THE RESPONSIVENESS OF THE PROPOSAL TO THE OBJECTIVES, AS DESCRIBED IN THE PROSPECTUS, OF PROVIDING NECESSARY AND APPROPRIATE VISITOR SERVICES AT REASONABLE RATES. (0 - 5 POINTS)**

**Service Objectives:** *The Service seeks a Concessioner that will better utilize the space in the Lake Crescent Lodge and Log Cabin Resort main buildings to minimize congestion and wait times through optimizing flow and efficiency.*

*Lake Crescent Lodge often is crowded with visitors entering and exiting the main lodge building as they check-in, shop, dine, and use the restrooms. Visitors often experience confusion, lines, and lengthy waits due to a bottleneck at check-in. Similarly at Log Cabin Resort, the lodging and campground check-in, activities check-in and rentals, and retail and grab-and-go offerings, are all completed at the counter space within the main building. This leads to crowding, confusion, and lengthy wait times for all the services offered in one small space.*

**Subfactor 2(a). Orient Visitors and Manage Flow at Lake Crescent Lodge**

Using **no more than three (3) pages of text** describe how you will manage visitor flow for efficient movement as well as guest satisfaction at Lake Crescent Lodge. Include a plan of how you will orient visitors and manage flow to reduce congestion and wait times for check-in, retail, and dining within the lodge space and message the new restroom (CFIP Project #1) to day-use visitors once it comes online. This could include how you orient where visitors access certain services. Offerors may consider alternative uses for the Sun Porch but may not recommend any changes to the check-in desk (e.g., desk cannot be moved or removed). Your response may include floor plans, the arrangement of furnishings, the use of technology, and staffing. You may provide **up to three (3) additional pages that are limited to pictures, diagrams, illustrations, and graphs, etc.**, depicting the plan described above, but these pages may not include additional narrative explanations of your plan.

*Note: the Service has provided the floor plan as an appendix to this Prospectus for the first floor of the Lake Crescent Lodge to assist Offerors in its response to Subfactor 2(a). Please note the Sun Porch is referred to as the Sun Room and the check-in desk is referred to as "Reception" on the provided floor plan.*

**Subfactor 2(b). Improve Visitor Flow within the Multi-Use and Family Casual Café Spaces at Log Cabin Resort**

The retail/grab-and-go space within the Log Cabin Resort has been historically used for a variety of services, including: lodging and campground check-in, activities and equipment rentals, retail, and grab-and-go food and beverage purchases. This multi-use space is small, and visitors experience lines, lengthy wait times, and confusion. Additionally, the family casual café at Log Cabin Resort has limited space for queuing, waiting, and seating.

Using **no more than three (3) pages** of text, describe the following:

- (1) Your comprehensive plan to reimagine the multi-use space, including how you will orient visitors and manage flow to reduce congestion and wait times for lodging and campground check-in, retail and grab-and-go purchases, and other activities and equipment rentals within this space. This could include moving some services outside of the facility or changing how you orient where visitors access certain services. Your response may include floor plans, the use and arrangement of furnishings or other personal property, the use of technology, and staffing to increase efficiency and flow.
- (2) Your comprehensive plan to address the limited space for queuing, waiting, and seating at the family casual café at Log Cabin Resort.

You may provide **up to three (3) additional pages that are limited to of pictures, diagrams, illustrations, and graphs, etc.**, depicting the plan described above, but these pages may not include additional narrative explanations of your plan.

**PRINCIPAL SELECTION FACTOR 3. THE EXPERIENCE AND RELATED BACKGROUND OF THE OFFEROR, INCLUDING THE PAST PERFORMANCE AND EXPERTISE OF THE OFFEROR IN PROVIDING THE SAME OR SIMILAR VISITOR SERVICES AS THOSE TO BE PROVIDED UNDER THE CONCESSION CONTRACT. (0-5 POINTS)**

**Note to Offeror:** To assist the Service in the evaluation of proposals under this and other selection factors, provide the following information regarding the organizational structure of the business entity that will execute the Draft Contract. This organizational structure information will not be scored for selection purposes but may be used for assessing responses to various selection factors. If the Offeror is not yet in existence, or the Offeror was formed recently and has no financial or operating history, the Offeror-Guarantor(s) should describe its own experience and explain how such experience will carry over to the Offeror entity.

**Offeror's Organizational Structure**

Describe the entity with which the National Park Service will contract, specifying whether it is currently in existence or is to be formed. Clearly explain and define the Offeror's relationship to any related entities that will affect how the Offeror will perform under the Draft Contract. Identify the entity, if other than the Offeror, that has the authority to allocate funds, and hire and fire management employees, of the Offeror. Identify any individual or business entity that holds or will hold a controlling interest in the Offeror. If the Offeror is an unincorporated sole proprietorship, identify and provide information about the individual who owns and operates the business. If the Offeror is a limited liability company, a partnership, or a joint venture, identify and provide information about each managing member or manager, general partner, or venturer, respectively.

Submit your organizational documents (e.g., partnership agreement, articles of incorporation, operating agreement).

Using the appropriate Business Organization Information form (as applicable) at the end of this Principal Selection Factor 3, identify the Offeror and each business entity and/or individual to be involved in the management of the proposed concession operation. Use the form appropriate for your business entity or sole proprietorship and include all information necessary to make the relationship among the parties clear. When completed, the Business Organization Information form should convey the following information:

- (1) The full legal name of the Offeror and any trade name under which it proposes to do business.
- (2) The legal form of the Offeror, if other than an individual.
- (3) The name, address and, if applicable, form of business entity of all owner(s) of the Offeror, including, the precise extent of their ownership interests.
- (4) The name, address and, if applicable, form of business entity of all related business organizations and/or individuals that will have a significant role in managing, directing, operating, or otherwise carrying out the services to be provided by the Offeror. Describe in detail how these relationships will work formally and in practice. Use additional pages if the information does not fit within the forms provided.
- (5) If applicable, the length of Offeror's existence as a business entity.

If the Offeror is not yet formed, or the Offeror was formed recently and has no financial or operating history, submit a Business Organization Information form for each Offeror-Guarantor.

**Subfactor 3(a). Operational Experience**

**Using no more than two (2) pages**, including all text, pictures, graphs, etc.:

Describe one example of the Offeror's experience operating and managing services similar to those required by the Draft Contract by providing one example of each of the following services: (1) rustic lodging, (2) midscale lodging, (3) family casual food and beverage, (4) quick service food and beverage, (5) retail sales, and (6) campground providing RV and tent camping. The Service will accept one example of an operation that provides each of the six types of services in lieu of six separate examples; however, the Offeror must clearly identify and describe how the example addresses each of the services. If the Offeror operates multiple outlets of the same service type as part of a larger operational area (e.g., a large contract, resort holding, etc.), **the Offeror must select one distinct outlet** of that service type to use as an example, not all the outlets of the same service type within that operational area. If an Offeror provides more than one example of operational experience for any service type, the Service will evaluate only the first example presented for each service type. The Service prefers examples that demonstrate experience within the last five years.

If the Offeror is not yet in existence, the Offeror was formed recently and has no financial or operating history, or the Offeror relies on the experience of a related entity, such as its parent company or a subsidiary of its parent company, explain how such experience will carry over to the Offeror directly and how that entity's experience will benefit the Offeror's operations. For each example discussed, submit the following information segmented by operating department.

Submit the following information for each example:

- (1) Name and location of operation
- (2) Nature and tenure of the Offeror's involvement, status of business (e.g., owned and operated by Offeror, sold, open but no longer operated by Offeror, closed, etc.)
- (3) Time frame of experience, with dates
- (4) Description of services provided
- (5) Operating season and hours
- (6) Number of employees: full-time employees, part-time employees, and seasonal employees, segregated by peak and off-peak seasons.
- (7) Annual gross receipts, by department, for the most recent year/season of operation in which the Offeror was involved with the business.
- (8) Any special operating conditions or challenges (e.g., multiple facility locations, employee retention and housing, limited technology, etc.)

And submit the following for each service type identified.

- (9) Submit the following for each **Lodging** example (Rustic and Midscale Lodging):
  - a) Number of and classification of rooms in property
  - b) Annual occupancy rate during most recent completed year/season
  - c) High, shoulder, and low season occupancy rates for the most recent completed year/season, if applicable

d) Describe any guest amenities. (e.g., swimming pool, hot tub, etc.)

(10) Submit the following for each **Food and Beverage** example (Family Casual and Quick Service Food and Beverage):

- a) Type of food service (grab-and-go, limited service, full service, fine dining, etc.)
- b) Number of seats

- (1) Describe all Infractions that have occurred in your operations in the past five years that are related to the same or similar services as required or authorized by the Draft Contract. If your response to Principal Selection Factor 3(a) included operations no longer controlled by the Offeror, Offeror-Guarantor, or a Related Entity, you must also describe all Infractions that have occurred in the past five years in those operations when the Offeror, Offeror-Guarantor, or a Related Entity controlled the operation.

**PRINCIPAL SELECTION FACTOR 4. THE FINANCIAL CAPABILITY OF THE OFFEROR TO CARRY OUT ITS PROPOSAL. (0-5 POINTS)**

**How to respond to Principal Selection Factor 4:** *The Offeror should provide the information requested with the goal of clearly demonstrating that it has the financial capability to carry out its proposal. If any of the financial information provided is adverse, the Offeror should explain why and describe how it addressed any issues. If funding will be provided by any individuals or entities, clearly and succinctly explain how the funding will be transferred from those sources to the Offeror, including, if applicable, how it moves from various levels of superior or related entities to the Offeror.*

*If the Offeror is not yet in existence, or the Offeror was formed recently and has no financial or operating history, please state this, and provide the information described below for each Offeror-Guarantor as identified in the Offeror's Transmittal Letter. Additionally, if the Offeror (or Offeror-Guarantor) anticipates that any individual or entity will provide financial assistance to the Offeror during the term of the Contract (e.g., for start-up costs or investments), please state this and provide the information described below for each such individual or entity. Failure to provide the required documentation may lead to the National Park Service determining your proposal is non-responsive and ineligible for award of the Draft Contract.*

*The Offeror must complete and submit all forms provided here and as appendices, including the Excel workbook and other documentation.*

*A table is provided at the end of Principal Selection Factor 4 that summarizes the forms and documentation you must submit per the following detailed instructions.*

*The Service will score Principal Selection Factor 4 based upon the entirety of your response to the instructions below. The instructions are numbered for organizational purposes.*

**1. Demonstrate a credible, proven track record of meeting financial obligations, by providing the following:**

Identify the Offeror, or each Offeror-Guarantor if applicable, and any individual or entity other than an accredited financial institution that will provide funding to the Offeror during the term of the Contract (for start-up costs, investments, etc.).

**For each individual or entity identified above, provide:**

- The completed **Business History Information form** provided at the end of this section.
- A **complete credit report**, dated within six months of the date of the proposal. The report must include scores and narratives, and you must submit the full report, not a screenshot of a specific score or specific section of the report. The report must be from a major credit reporting company such as Equifax, Experian, TransUnion, or Dun & Bradstreet. If the Offeror is not yet formed, include a credit report for each Offeror-Guarantor. An unavailability of scores from one major credit reporting company does not eliminate your responsibility to provide a complete credit report with scores. If an entity is a partnership or joint venture, a complete credit report must be provided for all general partners in a partnership (or deemed partnership, such as husband and wife), and all venturers in a joint venture.

**2. Demonstrate your business experience and financial capability by providing the following:**

**For the Offeror, or each Offeror-Guarantor if applicable, and any individual or entity other than an accredited financial institution that will provide funding to the Offeror during the term of the Draft Contract (for start-up costs, investments, etc.) provide:**

Audited financial statements (including all notes to the financial statements) for the two most recent fiscal years.

If audited financial statements are not available, explain in detail why they are not available and submit reviewed financial statements.

If neither audited nor reviewed financial statements are available, explain in detail why they are not available and submit compiled financial statements.

If audited, reviewed, or compiled financial statements are not available, explain in detail why they are not available and submit financial statements to which an authorized officer of the entity or the submitting individual, as applicable, attests to the accuracy and completeness of the financial statements.

If none of the financial statements listed above are available, explain why in detail and submit personal financial statements to which the submitting individual attests to their accuracy and completeness. If personal financial statements are provided for an entity, submit these for each of the entity's principals.

Note: Financial statements must be provided for all general partners in a partnership (or deemed partnership, such as husband and wife), and all venturers in a joint venture.

**Additionally**, if more than three months have elapsed since the end of the most recent fiscal year included in the financial statements, provide interim financial statements (at minimum, a balance sheet and income statement) that are dated within 10 weeks of the proposal due date for each Offeror, each Offeror-Guarantor, and any individual or entity (other than an accredited financial institution) providing funding to the Offeror during the term of the Contract (for startup costs, investments, etc.). The Service understands these interim financial statements are not likely to be audited or reviewed; the above-listed individuals or entities should state that the financial statements are compiled or have an authorized officer of each entity or the submitting individual, as applicable, attest to the accuracy and completeness of the interim financial statements.

If any of the above-listed individuals' or entities' financial position has substantially changed from the most recent fiscal year, provide a narrative to help the Service understand any changes to their financial position.

**3. Demonstrate that your proposal is financially viable and that you understand the financial obligations of the Draft Contract by providing your projections on the following forms in the provided Excel workbook:**

*Investments and Investments Assumptions forms:*

- Fully explain the methodology and the assumptions used to develop the estimates for the line items included in the Total Initial Investment and Start-up Expenses of the business. The information provided (both estimates and assumptions) should include sufficient detail to allow a reviewer to understand how you determined the estimates.

- If you are the Existing Concessioner and do not anticipate any additional initial investment or start-up costs, please provide the value of your existing assets in the appropriate section and state that you consider the current personal property and assets adequate to operate this concession opportunity successfully.

*Income Statement, Income Statement Assumptions, Operating Assumptions, Cash Flow Statement, Cash Flow Statement Assumptions, Recapture of Investment, and Recapture of Investment Assumptions forms:*

- Use the forms to provide estimates of prospective revenues, expenses, and cash flows of the concession business for the entire term of the Draft Contract. Use the forms to explain your financial projections and assumptions that support your financial projections.
- Include the recapture amount and assumptions you expect at the end of the Contract in the Cash Flow Statement, Cash Flow Statement Assumptions, Recapture of Investment, and Recapture of Investment Assumptions forms and not the Income Statement form.

Indicate whether you intend to offer employee housing outside the Park within the Operating Assumptions form and include the related expenses in the appropriate forms.

Below are general notes regarding the provided forms found in the Excel workbook included as an Appendix to the Prospectus.

- The Service has provided forms that request the information in the required format. These forms may differ from the format and requirements set forth in generally accepted accounting principles (GAAP) or generally accepted auditing standards (GAAS). The Service does NOT request that the information provided on these forms be reviewed in accordance with GAAS.
- Do not add or eliminate rows or columns on the Excel forms provided. If you wish to provide additional financial information, do so in additional spreadsheets, outside of the ones provided. If additional financial information is provided, clearly explain how it rolls up or applies to the provided forms.
- Provide a clear and concise narrative explanation of the method(s) used to prepare the estimates and the assumptions on which your projections are based. Provide sufficiently detailed and complete information to fully explain how you determined your estimates. If you make commitments in other sections of your proposal, please clearly account for the related expenses or investments for those commitments in the appropriate form in the Excel workbook; you may include an additional spreadsheet that identifies these specific commitments and where you account for the investment in your proposal. The Service will not evaluate expanded or additional commitments related to a response to another selection factor that exceed the page limits for that response. Include the cost amounts for the Concession Facility Improvement Program (CFIP), deferred maintenance (DM), or other significant investments, in these forms so the Service understands how you intend to fund the investments.

**4. Demonstrate your ability to obtain the funds necessary to operate under the Contract by providing the following:**

Explain how you will fund the initial investment, including start-up costs, and additional investments (e.g., CFIP, PPIRs, CRR, DM) required throughout the term of the Contract.

Note: The financial arrangements you propose here should be reflected in your responses on the forms in the provided Excel workbook.

If funding is provided from another level of your organization, such as a parent or related entity, clearly explain how funding transfers from each level and ultimately to the Offeror and obtain clear commitments, as evidenced through the documents requested below, at each level. If the Offeror is obtaining even a portion of the necessary funds from another individual or entity, including accredited financial institutions, the Service must be able to determine from the documents submitted that the Offeror is highly likely to obtain either the stated amount or an amount in excess of the stated amount, from an individual or entity with sufficient financial capability to provide the funds. The documentation requested below is intended to help the Service clearly reach this determination.

The more definite the terms stated in the documentation and the more comprehensive the documentation, the more likely the Service is to find the Offeror's ability to obtain the required funds credible.

- (a) If you will use funds from cash on hand or operating cash flows from the Offeror's current business, document and provide sources and proof of availability of these funds. At a minimum, provide the information requested under each bullet point:
- Provide current (no more than 30 days prior to the proposal due date) financial institution documents (including investment accounts) that verify the accounts and account balances to provide proof of the available funding. Financial institution account statements must include the name of the account holder and a date.
  - Provide a statement from the Offeror stating that funds are available and not committed to other sources.
  - Provide a list of assets to be sold and their anticipated value (if applicable).
  - If information provided in your financial statements or financial institution account statements contradict the appearance of available funds, provide additional narrative to explain how funding will be available from cash on hand or operating cash flows from the existing business by the effective date of the Draft Contract. Include an explanation of how you will meet your financial obligations under the Draft Contract should these assumptions fail to occur.
- (b) If an accredited financial institution will provide funding, provide supporting information including, but not limited to, documents that describe the approximate amount of the loan(s) and whether the loan(s) will result in an encumbrance requiring Service approval under 36 C.F.R. § 51.86.<sup>1</sup> Additionally, provide the following information:

---

<sup>1</sup> If the loan or financial arrangement will result in an encumbrance requiring Service approval under 36 C.F.R. § 51.86, and the Offeror is selected for award of the Draft Contract, then the Offeror will be required to submit to the Service a separate package seeking approval of the encumbrance.

- Include a commitment letter (addressed to the National Park Service from the financial institution on the financial institution's letterhead and dated no more than 30 days prior to the proposal due date) stating the amount of funds that have been or will be made available to the Offeror. The letter must outline the financial institution's historical relationship with the Offeror. Specifically, the financial institution should provide the following information: number of years of the relationship; description and amount of all credit facilities extended to the Offeror along with the Offeror's average annual outstanding balance and current outstanding balance; current account balance; and statement of whether the Offeror has met all obligations with the financial institution as required and other conditions required for the financial institution to provide the Offeror the funds.

Note: The more definite the terms provided in the documentation of the potential loan or financial arrangement, the more likely the Service will be to find the Offeror's ability to obtain the required funds credible.

- (c) If an Offeror-Guarantor, individual, or entity other than an accredited financial institution will provide funding, provide the information requested under each bullet point for each individual or entity providing funding. If funds will be obtained from an Offeror-Guarantor, individual, or entity whose primary fund source is an individual, provide the information requested under each bullet point with respect to such individual. If funds will be obtained from another source (e.g., an entity whose primary fund source is not an individual), provide the information requested under each bullet point for each source:
- Provide current (no more than 30 days prior to the proposal due date) financial institution documents (including investment accounts) that verify the account(s) and account balance(s) to provide proof of the available funding. Financial institution account statements must include the name of the account holder and a date.
  - Provide a statement from the account holder stating that funds are available and not committed to other sources.
  - Include a commitment letter from the funding source stating the approximate amount of the financial assistance, the terms of the financial arrangement (if a loan, provide the information requested under 4.b), and whether the arrangement will result in an encumbrance requiring Service approval under 36 C.F.R. § 51.86.
  - Provide a list of assets to be sold and their anticipated value (if applicable).
  - Provide any other assurances or documents that demonstrate that the funds are available, including documentation from independent sources.
  - If information provided in the financial statements or financial institution account statements contradict the appearance of available funds, provide additional narrative to explain how funding will be available from cash on hand or operating cash flows from the existing business by the effective date of the Draft Contract. Include an explanation of how you will meet your financial obligations under the Draft Contract should these assumptions fail to occur.

**Routine Uses:** In addition to those disclosures generally permitted under 5 U.S.C. 552a(b) of the Privacy Act, records or information contained in this system may be disclosed outside the National Park Service as a routine use pursuant to 5 U.S.C. 552a(b)(3) to other Federal, State, territorial, local, tribal, or foreign agencies and other authorized organizations and individuals based on an authorized routine use when the disclosure is compatible with the purpose for which the records were compiled as described under the system of records notice INTERIOR/NPS-15, Concessions Management Files 48 FR 51696 (November 10, 1983); Modification published 73 FR 63992 (October 28, 2008) and 86 FR 50156 (September 7, 2021). This notice can be found at <https://www.doi.gov/privacy/sorn>.

**Disclosure:** Providing your information is voluntary, however, failure to provide the requested information may impede the evaluation of your proposal in response to available concession opportunities.

### PAPERWORK REDUCTION ACT STATEMENT

We collect this information under the authority of Title IV of the National Parks Omnibus Management Act of 1998 (Pub. L. 105-391). We use this information to evaluate a concession proposal. Your response is required to obtain or retain a benefit. We may not collect or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number. OMB has approved this collection of information and assigned Control No. 1024-0029.

### ESTIMATED BURDEN STATEMENT

We estimate that it will take you 1 hour to complete this form, including time to review instructions, gather and maintain data, and complete and review the form. You may send comments on the burden estimate or any aspect of this form to the Information Collection Clearance Officer, National Park Service, 1201 Oakridge Drive, Fort Collins, CO 80525. Please do not send your completed form to this address.

**PRINCIPAL SELECTION FACTOR 5. THE AMOUNT OF THE PROPOSED MINIMUM FRANCHISE FEE AND OTHER FORMS OF FINANCIAL CONSIDERATION TO THE DIRECTOR. (0-4 POINTS)**

The minimum franchise fee acceptable to the Service is as follows:

<b>Minimum % Required</b>	<b>Tiered Gross Receipts</b>
<b>6.0%</b>	of gross receipts for gross receipts from \$0 to \$7,000,000; plus
<b>8.0%</b>	of gross receipts for gross receipts from \$7,000,001 to \$10,000,000; plus
<b>12.0%</b>	of gross receipts for gross receipts greater than \$10,000,000.

The offer of a higher franchise fee than this minimum is generally beneficial to the Service and accordingly will generally result in a higher score under this selection factor; however, consideration of revenue to the United States is subordinate to the objectives of protecting, conserving, and preserving resources of the park area and of providing necessary and appropriate visitor services to the public at reasonable rates.

State the amount of franchise fee you propose for each tier in the chart below. Such fee must be at least equal to the minimum franchise fee (see above) for that tier and expressed as a percentage of annual gross receipts. Do not propose additional tiers and do not change the gross receipts thresholds of each tier.

<b>Gross Receipts Tier</b>	<b>Proposed Franchise Fee (% of Annual Gross Receipts)</b>
\$0 to \$7,000,000	
from \$7,000,001 to \$10,000,000	
greater than \$10,000,000	

**SECONDARY SELECTION FACTOR 1. THE QUALITY OF THE OFFEROR'S PROPOSAL TO CONDUCT ITS OPERATIONS IN A MANNER THAT FURTHERS THE PROTECTION, CONSERVATION, AND PRESERVATION OF THE PARK AND OTHER RESOURCES THROUGH ENVIRONMENTAL MANAGEMENT PROGRAMS AND ACTIVITIES, INCLUDING, WITHOUT LIMITATION, ENERGY CONSERVATION, WASTE REDUCTION, AND RECYCLING. (0-3 POINTS)**

**Note to Offeror:** *The subfactor for this Secondary Selection Factor focus on environmental management programs and activities that promote general environmental objectives such as fuel efficiency, etc. Avoid overlap between your response here and your response to other selection factors. Do not repeat the minimum requirements as specified in the Operating and Maintenance Plans.*

Olympic National Park has achieved designation as a Climate Friendly Park. Offerors can find more information about [climate friendly parks](#) and [the green parks plan](#) on the Service's website.

**Recycling and Solid Waste Reduction, Management, and Monitoring**

The Service wishes to reduce solid waste within the concession operation, with a focus on minimizing single-use plastic and food waste. Offerors should reference minimum requirements for solid waste reduction, storage, collection, and disposal in the Draft Contract, Exhibit H (Maintenance Plan), Section 4(F) in providing responses that exceed these minimums.

**Using not more than 2 pages, including all text, pictures, graphs, etc.:**

- (1) Outline the recycling program you will implement and describe your process for monitoring and reporting to the Service the effectiveness of your recycling program. Your response must include a timeline for implementation. Offerors should be mindful of what the local area is currently able to recycle.
- (2) Describe specific actions, other than recycling, you will take to reduce the solid waste generated by your operation. At a minimum, your response must address minimizing single-use plastics and food waste diversion. Describe your process for monitoring and reporting to the Service the effectiveness of your specific actions. Your response must include a timeline for implementation.

**SECONDARY SELECTION FACTOR 2. THE QUALITY OF THE OFFEROR'S PROPOSAL TO PROVIDE QUALITY EMPLOYEE HOUSING AND LIVING CONDITIONS (0-3 POINTS)****Employee Well-being and Living Conditions**

A high quality, and motivated staff are a critical component of meeting visitor needs at Olympic National Park. The Service recognizes challenges related to housing supply can contribute to staffing struggles, turnover, and worker shortages.

**Using no more than three (3) pages**, including all text, pictures, graphs, etc., demonstrate your commitment to providing quality employee housing and living conditions by addressing the following:

- (1) Describe how you will enhance your employee well-being, including how you will incorporate emotional, mental, and psychological safety in your operations.
- (2) Describe how you will enhance and improve the in-Park employee housing experience, such as through personal property upgrades, making note of the required Personal Property Improvement Requirements.
- (3) Describe actions you will take to incentivize the retention of high performing, quality employees.
