# **Proposal submission terms & conditions**

- 1. The Offeror's Transmittal Letter set forth below indicates your acceptance of the terms and conditions of the concession opportunity as set forth in this Prospectus. It indicates your intention to comply with the terms and conditions of the Contract. **The letter, submitted without alteration, must bear original signatures**. The National Park Service (Service) will review the entire Proposal Package to determine whether your proposal in fact accepts without condition the terms and conditions of this Prospectus. If it does not accept without condition the terms and conditions of this Prospectus, your proposal may be considered non-responsive, even if you submitted an unconditional Offeror's Transmittal Letter.
- 2. The Proposal Package is drafted upon the assumption that an Offeror is the same legal entity that will execute the new concession Contract as the Concessioner. If the entity that is to be the Concessioner is not in existence as of the time of submission of a proposal, the proposal must demonstrate that the individual(s) or organization(s) (hereinafter Offeror-Guarantor) that intends to establish the entity that will become the Concessioner has the ability and is legally obliged to cause the entity to be financially and managerially capable of carrying out the terms of the Contract. In addition, the Offeror-Guarantor must unconditionally state and guarantee in its proposal that the Offeror-Guarantor will provide the Concessioner with all funding, management, and other resources that the Draft Contract requires and the proposal offers.

# **Selection Factors**

### **Response Format**

- 1) Please number each page and section in your completed proposal. Add information to your proposal only to the extent that it is necessary and relevant to respond to the selection factor. Each page should have a heading identifying the selection factor and subfactor to which the information contained on the page responds. It is important that your response stays within the organizational framework in the Proposal Package and provides all relevant information directly in response to each selection factor. The Service may consider relevant information contained elsewhere in a proposal in assessing the proposal's response to each particular selection factor.
- 2) The evaluation panel will only take firm commitments into account when evaluating proposals. Responses that include terms such as "look into," "research," "may," "if feasible," and similar terms are not considered as firm commitments. In addition, the Service considers responses that include a specific time for commitment implementation as a stronger response. For example, "XXX commits to provide recycling containers in each lodging room by December of 2017."
- 3) Where page limits are set out in the Proposal Package, the Service will not review or consider the information on any pages that exceed the page limitations stated, including attachments, appendices, or other additional materials the Offeror submits. The Service would like to see clear and concise answers. A longer answer will not necessarily be considered a better answer.
- 4) The Service considers text on two sides of one sheet of paper as two pages.
- 5) Offerors must use letter-size paper unless a subfactor asks for schematics or drawings, in which case Offerors may use legal or ledger-size paper for the schematics or drawings. Offerors must use 11 or 12 point fort for all text within the proposal, including all tables, charts, graphs, and provided forms. The Service will accept images of sample material with smaller fonts.
- 6) Page margins must be 1 inch. Page numbers and identifications of confidential information may appear within the margins.

# Principal Selection Factor 1. The responsiveness of the proposal to the objectives, as described in the prospectus, of protecting, conserving, and preserving resources of the Park. (0-5 points)

#### Service Objectives:

The Service's objective is to maintain a high-quality operation that maintains the historic nature of the golf course with minimal disruption to the natural landscape. The Service would like to ensure that the golf course is managed to:

- Promote the rustic character of the links course.
- Preserve the historic circulation systems while ensuring systematic and safe routes of pedestrian and vehicular circulation through the golf course.
- Preserve the unique vegetation characteristics associated with the historically open landscape, including the Heathlands.
- Balance the historic condition of native, unmanaged vegetation within the golf links, with the need for managed and maintained turf that will withstand a high level of play on the links.
- Encourage the establishment of native grass species on tees, fairways, greens, and roughs.
- Preserve and retain the existing historic layout of the tees, fairways, bunkers and greens as documented in the historical documentation reports.

## <u>Subfactor 1(a)</u>. Preservation of Historic Buildings and Course Style.

The Highland Links Golf Course was constructed in 1898 and makes up most of the Truro Highlands Historic District. The course is part of North Truro, a village within the Town of Truro. Using no more than **three (3) pages**, including all pictures, graphs, charts, etc:

- 1) Describe your experience managing the preservation of historic structures. Describe how you will maintain and protect the historic structures at the golf course.
- 2) Explain how you will educate patrons regarding the style of traditional links fairways and the benefits to wildlife and the environment from a more sustainable management style, including the maintenance of native unmanaged vegetation within the golf links.

## **<u>Subfactor 1(b)</u>**. Maintenance of Natural Landscape.

The Truro Highland District is bounded on the east by clay cliffs rising nearly one hundred feet above the Atlantic Ocean. Wooded ravines border the south, and land rises and falls over rolling hills to the west. A ridge on the south side of Highland Road and from the tee and fairway of the 6<sup>th</sup> hole provide views of the Atlantic Ocean. Given these unique geographic characteristics and the goal of sustainable management, using no more than **three (3) pages**, including all pictures, graphs, charts, etc:

- Describe your plan for maintaining the characteristics of the links style course. Include a description for preserving views and vistas, managing irrigation and turf maintenance, and maintaining accessibility. Include a description for how you will manage erosion issues that contribute to the deterioration of the cart paths and affect the character of the cultural landscape.
- 2) Describe your plan for managing invasive and exotic species, especially autumn olive, while restoring and enhancing the grasslands and Heathlands.

# Principal Selection Factor 2. The responsiveness of the proposal to the objectives, as described in the prospectus, of providing necessary and appropriate visitor services at reasonable rates. (0 - 5 points)

#### Service Objectives:

The Service would like to:

- Ensure that visitors are aware of the concession operated services at Highland Links Golf Course required under the Draft Contract and that information about these services is accessible to all.
- Provide a high-quality cultural experience that highlights the heritage of the Highland Links course.

### Subfactor 2(a). Marketing Plan

Using no more than **three (3) pages**, including all pictures, graphs, charts, etc:

1) Describe your marketing plan for the operation. Include descriptions of how you will manage your marketing strategy, identify your target market segments, and use different media and organizations to implement the strategy. Include your ideas, concepts, and examples of the advertising campaign you will use. In particular, explain how you will market the various services required and authorized in the Draft Contract. Describe how you will market internally (for visitors already in the Park) and externally (for visitors who have not yet arrived in the Park).

### Subfactor 2(b). Visitor Satisfaction

Using no more than **three (3) pages**, including all pictures, graphs, charts, etc:

1) Explain what customer feedback systems and practices you would implement to regularly evaluate, monitor, and improve visitor satisfaction with the requirements in the draft contract and draft operating plan. A better answer would include a comprehensive system that can track and improve visitor satisfaction and how this data will be conveyed to the Service. Explain the actions you will undertake to increase customer satisfaction in the golf course operation required under the Draft Contract. Include information on employee training and monitoring programs.

Principal Selection Factor 3. The experience and related background of the offeror, including the past performance and expertise of the offeror in providing the same or similar visitor services as those to be provided under the concession contract. (0-5 points)

**Note to Offeror**: To assist the Service in the evaluation of proposals under this and other selection factors, provide the following information regarding the organizational structure of the business entity that will execute the Draft Contract. This organizational structure information will not be scored for selection purposes but may be used for assessing responses to various selection factors. If the Offeror is not yet in existence, the Offeror-Guarantor(s) should describe its own experience and explain how such experience will carry over to the Offeror entity.

### Offeror's organizational structure

Describe the entity with which the National Park Service will contract, specifying whether it is currently in existence or is to be formed. Clearly explain and define the Offeror's relationship to any related entities that will affect how the Offeror will perform under the Draft Contract. Identify the entity, if other than the Offeror, that has the authority to allocate funds, and hire and fire management employees, of the Offeror. Identify any individual or business entity that holds or will hold a controlling interest in the Offeror. If the Offeror is an unincorporated sole proprietorship, identify and provide information about the individual who owns and operates the business. If the Offeror is a limited liability company, a partnership, or a joint venture, identify and provide information about each managing member or manager, general partner or venturer, respectively.

Submit your organizational documents (e.g., partnership agreement, articles of incorporation, operating agreement).

Using the appropriate Business Organization Information form (as applicable) at the end of this Principal Selection Factor 3, identify the Offeror and each business entity and/or individual to be involved in the management of the proposed concession operation. Use the form appropriate for your business entity or sole proprietorship and include all information necessary to make the relationship among the parties clear. When completed, the Business Organization Information form should convey the following information:

- 1) The full legal name of the Offeror and any trade name under which it proposes to do business.
- 2) The legal form of the Offeror, if other than an individual.
- 3) The name, address and, if applicable, form of business entity of all owner(s) of the Offeror, including, the precise extent of their ownership interests.
- 4) The name, address and, if applicable, form of business entity of all related business organizations and/or individuals that will have a significant role in managing, directing, operating, or otherwise carrying out the services to be provided by the Offeror. Describe in detail how these relationships will work formally and in practice. Use additional pages if the information does not fit within the forms provided.
- 5) If applicable, the length of Offeror's existence as a business entity.

If the Offeror is not yet formed, submit a Business Organization Information form for each Offeror-Guarantor.

## Subfactor 3(a). Operational experience

The Service believes that past experience is an indication of future performance. The Service also believes that past performance with operating a municipal/public course with similar levels of rates and usage is most relevant, but will consider private golf course experience if its relevance is clearly explained. In considering relevancy the Service will evaluate, among other factors, the length of service at the golf course, the size and scope of the operation, the number of annual rounds and the rates charged.

Using no more than **three (3) pages**, including all pictures, graphs, charts, etc., provide example(s) of your experience in the operation and management of golf courses. For each operation, provide the following information:

- Course name
- Course location
- Amenities and other services offered
- Type of arrangement (owner, manager, other)
- Type of course (public, private, etc.).
- Current/recent year fees charged
- Recent year revenue
- Recent year number of rounds played
- Number of years at the operation
- Identify if the operation involved any historic properties if so, list them and their age
- Explain the relevance of each operational experience to operations at the Highland Links Golf Course: explain how this experience makes you suitable operator of high volume, medium-priced, public course

## Subfactor 3(b). Violations or infractions

The Service is aware that any business may receive the occasional notice of violation, penalty, fine, less than satisfactory public health rating, or similar regulatory notice from a federal, state, or local agency (hereinafter collectively referred to as "Infractions"). The Service is interested in understanding how your business manages these Infractions and your overall strategy to minimize Infractions.

Using not more than **five (5) pages**, including text, pictures, and graphs, demonstrate your understanding of the Service's concern.

- 1) Describe all Infractions that have occurred in your operations in the past five years that the Service should know about prior to selecting you as the Concessioner under the Draft Contract. Keep in mind the services required under the Draft Contract only.
- 2) Explain how you responded to each Infraction, including actions you took to prevent a recurrence of the Infraction.
- 3) List the Related Entities (as defined below) you considered in providing the foregoing information.
- 4) Describe your overall strategy to minimize Infractions and how you resolve, or plan to resolve, Infractions when they do occur.

\* Offeror will mean the Offeror; its affiliate, parent, subsidiary, and predecessor companies; other related business entities; and the Offeror's principals and employees (collectively, the "Business Entities").

The submission must include the Offeror's Transmittal Letter signed by each Offeror-Guarantor that unconditionally states and guarantees the Offeror-Guarantor will provide the Offeror with all funding, management and other resources that the Draft Contract requires and the proposal offers. This selection factor has no subfactors. The Service will score the selection factor based upon the entirety of the response

Using the Excel spreadsheets provided as an Appendix to the prospectus, complete the Income Statement and Income Statement Assumptions forms and the Cash Flow Statement and the Cash Flow Statement Assumptions forms found in tabs within the Excel workbook. Provide estimates of prospective revenues and expenses of the concession business in the form of annual prospective income and cash flow statements for the entire term of the Draft Contract. Complete the Operating Assumptions tab to explain your financial projections. Also complete the Recapture of Investment and the Recapture of Investment Assumptions forms. Recapture amounts should also be included in the cash flow proforma, not the proforma income statement.

Below are some general notes regarding the provided forms found in the Appendices attached to the Prospectus.

- The Service has provided forms that request the information in the format it desires. These forms may differ from the format and requirements set forth in generally accepted auditing standards (GAAS) with regard to prospective financial statements. The Service does NOT request that the prospective financial statements be reviewed in accordance with GAAS.
- Do not add or eliminate rows on the Excel spreadsheets provided in the appendix. Columns should not be deleted; however, columns may be added to reflect the number of years in the Draft Contract term, if necessary. If you wish to provide additional information, do so in additional spreadsheets, outside of the ones provided. If additional information is provided, clearly identify how it fits into the income statement, cash flow, and/or assumption tables. For the purpose of the pro forma statements, use the calendar year as the fiscal year.
- Provide a clear and concise narrative explanation of the method(s) used to prepare the estimates and the assumptions on which your projections are based. Information must be sufficiently detailed to provide a full understanding of how the estimates were determined.
- Complete **all of the forms provided** and submit an electronic Excel workbook file.

Demonstrate your ability to obtain the required funds for the initial investment, as listed in the Business Opportunity, and other investing activities under the Draft Contract by providing credible, compelling documentation, particularly evidence from independent sources, such as bank statements, audited or reviewed financial statements, and signed loan commitment letters. Fully explain the financial arrangements you propose, using the following guidelines.

The more definite the terms stated in the documentation, the more credible the Service is likely to find the Offeror's ability to obtain the required funds.

1) If funds are to be obtained from cash on hand or operating cash flows from the Offeror's current business, document each source and the availability of these funds by providing your previous and current audited financial statements for the two most recent fiscal years, with all notes to the financial statements (see 4(b) above if audited financial statements are not available). Depending on the Offeror's form of entity, provide audited financial statements for any individual Offerors, general partners in a partnership, and all venturers in a joint venture.

- 2) If the Offeror is not formed and the Offeror-Guarantor is funding the required start-up costs, provide for each Offer-Guarantor the documentation for the appropriate type of Offer-Guarantor (individual, business entity) as described below.
- 3) If funds are to be obtained from lending institutions (banks, savings and loans, etc.), provide supporting documents including but not limited to documents that describe the approximate amount of the loan, the term of the loan and any proposed encumbrances on the Draft Contract. Include a letter (addressed to the National Park Service from the lender on the lending institution's letterhead) stating the amount of funds available to the Offeror at the date of the letter. In addition, the letter must outline the Financial Institution's historical relationship with the Offeror. Specifically, the Financial Institution should provide the following information: number of years of the relationship; description and amount of all credit facilities extended along with their average annual outstanding balance and current outstanding balance; current account balance; and statement of whether the Offeror has met all obligations with the Financial Institution as required.
- 4) If funds are to be obtained from an individual, or a business entity whose primary fund source is an individual, provide the following as appropriate with respect to such individual:
  - Signed funding commitment from the individual (stating the approximate amount of the loan, the term, and any proposed encumbrances on the Draft Contract)
  - Current personal financial statement certified as to accuracy and completeness by the individual submitting it
  - Current bank/financial institution documents that verify the account(s) and account balance(s) for the primary fund source
  - Documentation of any assets to be sold
  - Any other assurances or documents that demonstrate that the funds are available
- 5) If funds are to be obtained from working capital liabilities (such as advance deposits), please provide estimates and a rationale for each estimate. The information provided should be of sufficient detail to allow a reviewer to fully understand how the estimates were determined.
- 6) If funds are to be obtained from another source (e.g., a business entity whose primary fund source is not an individual), provide the following as appropriate:
  - Signed funding commitment from the fund source stating the approximate amount of the loan, the term, and any proposed encumbrances on the Draft Contract
  - Current audited financial statements for the most recent year (see 4(b) above if audited financial statements are not available)
  - If the current audited financial statements do not evidence that the source has the necessary funds to make the funding commitment, provide additional documentation.

**NOTE**: If the Offeror is obtaining even a part of the necessary funds from another, the Service must be able to determine from the documents submitted that the Offeror is highly likely to obtain either a stated amount or an unlimited amount of funding from an entity with sufficient financial capability to provide the funds.

# Principal Selection Factor 5. The amount of the proposed minimum franchise fee and other forms of financial consideration to the Director. (0-4 points)

The minimum franchise fee acceptable to the Service is 9.1% of gross receipts.

The offer of a higher franchise fee than this minimum is generally beneficial to the Service and accordingly will generally result in a higher score under this selection factor; however, consideration of revenue to the United States is subordinate to the objectives of protecting, conserving, and preserving resources of the park area and of providing necessary and appropriate visitor services to the public at reasonable rates.

State the amount of franchise fee you propose. Such fee must be at least equal to the minimum franchise fee set forth above. Express this fee as a percentage of annual gross receipts. Do not propose a tiered franchise fee, e.g., 5.0% on the first \$10,000 of gross receipts, 6.0% on gross receipts between \$10,001 and \$25,000, 7.0% on gross receipts from \$25,001 and above.

\_\_\_\_ percent of annual gross receipts

# **Secondary Selection Factors**

Secondary Selection Factor 1. The quality of the Offeror's proposal to conduct its operations in a manner that furthers the protection, conservation, and preservation of the Park and other resources through environmental management programs and activities, including, without limitation, energy conservation, waste reduction, and recycling. (0-3 points)

#### Service Objectives:

The Service's objective is to implement environmental management programs that conserve and preserve the existing historic layout of the golf course's tees, fairways, bunkers and greens as directed in park planning documents.

**Note to Offeror:** Responses to the Subfactors for Secondary Selection Factor 1 should not repeat responses provided for Principal Selection Factor 1 and should be in addition to the requirements of Draft Contract, Exhibit A: Operating Plan and Exhibit E: Maintenance Plan.

Using no more than three (3) pages, including all pictures, graphs, charts, etc., answer the following Subfactors:

### Subfactor 1(a). Sustainable Maintenance Practices

(1) Describe how you will implement sustainable practices into your maintenance operations of the golf course under the Draft Contract. At a minimum, your response must describe an energy conservation and waste reduction plan, a recycling program, including the types of materials that will be recycled, visitor education, staff training, signage, containers, and other infrastructure needed to support this effort. Do not propose capital improvements that would be eligible for Leasehold Surrender Interest (LSI).

## Subfactor 1(b). Green Purchasing Plan

(2) Provide a detailed plan and set of guidelines you will follow to incorporate green purchasing into your operation, including environmentally friendly products and packaging (for example, biodegradable and recycled material products). This plan must specifically identify planned vendors for food and beverage items, retail merchandise, and packaging.
