\* A Statement of No Summary (SNS) is a communication that a museum or Federal agency voluntarily sends to the National NAGPRA Program stating that the museum/agency does not have possession or control of any holding or collection which might contain unassociated funerary objects, sacred objects, or objects of cultural patrimony. A Statement of no Summary indicates that a museum or Federal agency has reviewed collections under its control pursuant to 43 CFR 10.8. Federal agencies must ensure that these requirements are met for all collections from their lands or generated by their actions whether the collections are held by the Federal agency or by a non-Federal institution (43 CFR 10.8(a)).
