Privacy Information: The Network to Freedom was established, in part, to facilitate sharing of information among those interested in the Underground Railroad. Putting people in contact with others who are researching related topics, historic events, or individuals or who may have technical expertise or resources to assist with projects is one of the most effective means of advancing Underground Railroad commemoration and preservation. Privacy laws designed to protect individual contact information (i.e., home or personal addresses, telephone numbers, fax numbers, or e-mail addresses), may prevent NPS from making these connections. If you are willing to be contacted by others working on Underground Railroad activities and to receive mailings about Underground Railroad-related events, please add a statement to your letter of consent indicating what information you are willing to share.

Paperwork Reduction Act Statement: The authority to collect this information is the National Underground Railroad Network to Freedom Act (P.L. 105-203). We will use this information to evaluate properties, facilities, and programs nominated for inclusion in the Network to Freedom. We may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number. Your response is required to obtain or retain a benefit.

Estimated Burden Statement: Public reporting burden for this form is estimated to average 25 hours per response including time for reviewing instructions, gathering and maintaining data, and completing and reviewing the form.
