

NAMES

In the O'odham language, sometimes you can tell which are men's and which are women's names by their endings. Men's names often end in TUOT (too oat) and women's names end in OSI (oh see) or UBI.

Anostuot means Brave Man • Tuburimubi means Tall Woman • Aahiosic means Horn Woman

Circle the men's names and underline the women's names. Have fun pronouncing the names.
