YOSEMITE NATIONAL PARK

Dear Yosemite Park Planners,

A quote from someone else today, relative to the Tenaya Lake project, and I will restate it here:

Begin quote:

As the song said, ".....you don't know what you got till its gone, take paradise and put in a parking lot....."

Enough with the parking lots, fences and mega restrooms already.

End quote.

Very apropos, don't you agree? How suitable for this scoping study.

Truckee, CA
