NATIONAL PARK SERVICE

Yosemite National Park

P.O. Box 577

Yosemite, California 95389

## Safety Closure-Visitor/Wildlife Protection

Due to increasing bear activity along the Snow Creek trail and the resulting potential for negative bear/human interactions, the area to the south and east of the footbridge as depicted on the attached map will be closed to overnight camping. The National Park Service will continue to monitor bear activity in this area and will re-open the area to camping as soon as conditions allow.

By order of the Superintendent of Yosemite National Park and under authority of Title 36, Code of Federal Regulations, Section 1.5(a)(1):

The area marked on the accompanying map entitled Wildlife Safety Closure dated July 29, 2016 is closed to overnight camping.

The marked area remains open for day use.

**Notice of closure will be posted and the area will be monitored to ensure compliance. Your cooperation in complying with this temporary restriction is greatly appreciated. Please see attached map for more information.**

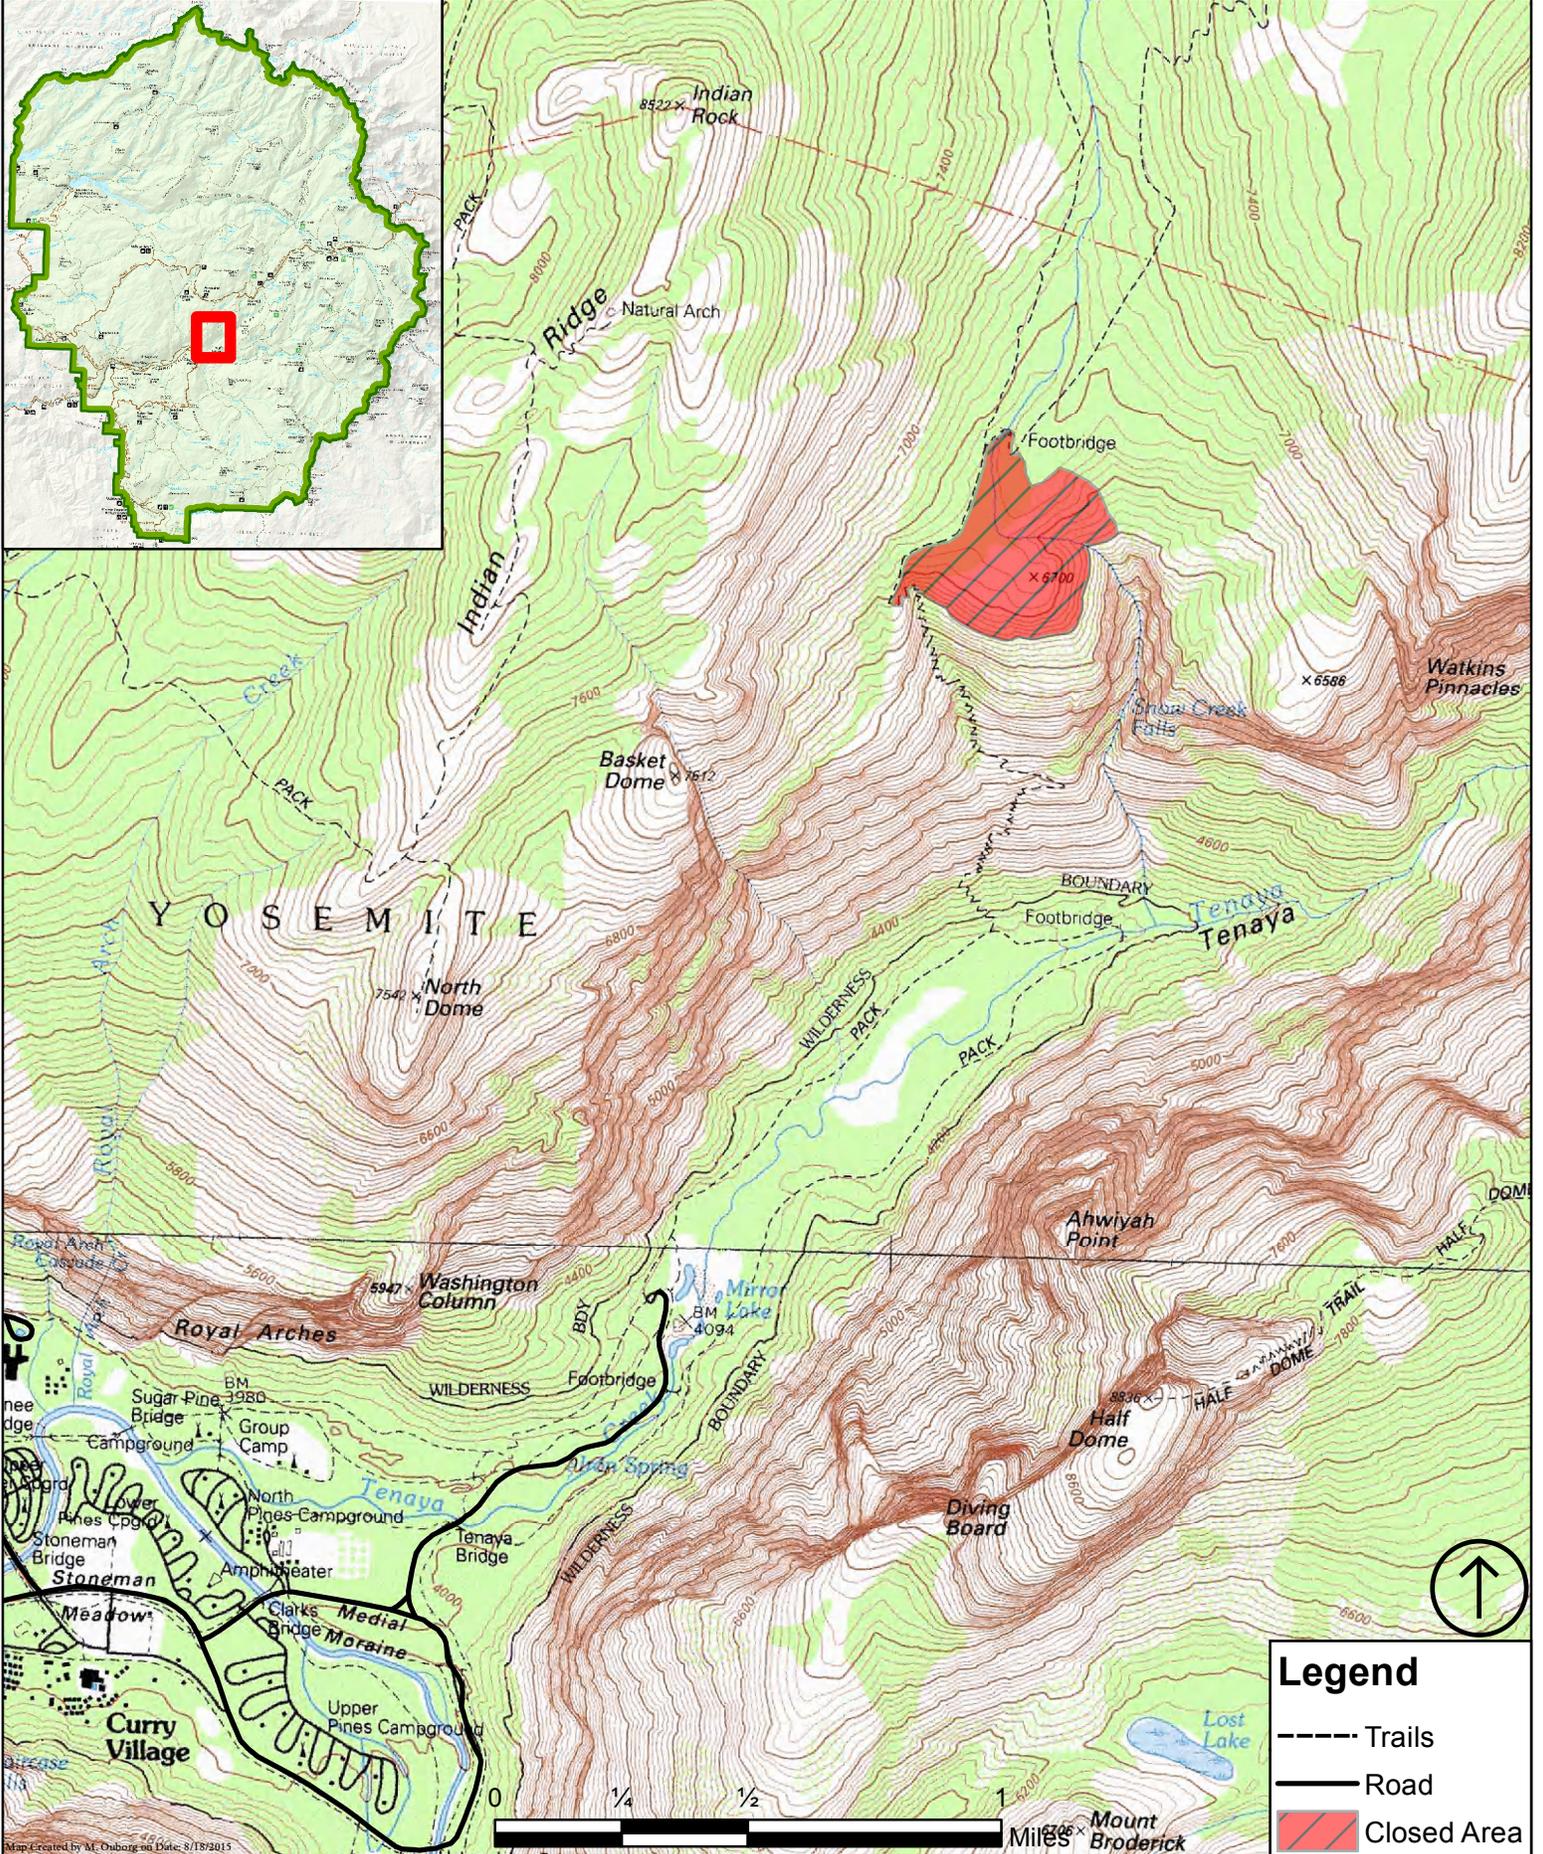

The designation will remain in place until rescinded.
